(International News Service)
HARRISBURG, Jan. 16—Erie H. Biddle, state civil works administrator, today hurled the charge of "politics" which has been raised against his administration in practically every section of the state into the lap of the national administration at Washington.

In a telegram to Harry L. Hopkins, federal civil works administrator, Biddle accused the national department of commerce of politically "hand-picking" CWA workers for a business census being made by the department.

Refuses Comment.
Biddle refused to comment on instructions dispatched by Hopkins yesterday ordering him to "clean up the situation" in the civil works administration in Pennsylvania.

He likewise refused to discuss Hopkins' order that David W. Charles, convicted in the Montgomery county courts of misappropriating bank funds, be dismissed at once as assistant controller of the CWA in Pennsylvania.

"Supervisors of the business census project" are not now having their enumerators referred through employment offices but hand-picking them after consultation with the local political leaders," Biddle's telegram to Hopkins said.

After charging that the supervisors were "admittedly selected on a

Dame Rumor seems to have been playing tricks on the new sheriff, Edward D. Pritchard. The rumor was that three prisoners had escaped from the county jail and like most rumors was without any foundation in fact. Asked if he knew of any such escape Sheriff Pritchard smilingly pointed to a new set of padlocks he installed on the jail doors when he went into office. "If they get through those they are better than I think they are," he said.

An improvised trailer on the rear of a small wagon towed downtown yesterday by an equally small owner showed that it was not to be outclassed by any automobile. The trailer had two wheels and showed signs that it might have been half-a-wagon before being redecorated.

Possibly it is imagination, or maybe it is true that the traffic light at East and North streets does not change quick enough. A line of cars stretching from the corner to Mill street was waiting this morning for the red signal to change to green. No traffic was moving north and south, either.

Tomorrow is the birthday of Benjamin Franklin—and the junior high on the east side is planning a real assembly program in commemoration.

Says "Forgotten Man" Is One Who Has A Job

(International News Service)
HARRISBURG, Jan. 16—State Treasurer Charles A. Waters today appealed for a gubernatorial campaign this spring and fall built on a platform giving consideration to a new class of "forgotten man"—the man who has a job.
Speaking at a luncheon of the Steelton Kiwanis club, Waters said: "In connection with the campaign I believe that attention should be called and consideration given to a forgotten class of our citizenship, those men who have jobs, and those men who have been and are still struggling to keep men in jobs."

DILLINGER GANG ROBS BANK; KILLS POLICEMAN

(International News Service)
EAST CHICAGO, Ind., Jan. 16—Bullet proof vests today had enabled John Dillinger and John Hamilton, notorious Indiana outlaws, to escape through a barrage of police fire after robbing the First National Bank here of \$20,377 and murdering a policeman.
Search for the two desperadoes centered in northwestern Indiana and the Chicago area after the pair were seen speeding in an automobile toward Hammond, Ind., and Chicago.

Eight bullets from a small sub-machine gun carried by Dillinger killed Policeman Patrick O'Malley when he and fellow officers sought to trap the two gunmen in the bank. Before he was killed, O'Malley wounded Hamilton in the hand.
Armed plate vests worn by the two desperadoes harmlessly shed the bullets fired by O'Malley and his companions.

Heart Attack Is Fatal To Watchman

Edward H. Marquette, Watchman At Pennsylvania R. R.
Crossing, Dies Suddenly

Edward H. Marquette, aged about 65, of 805 Croton avenue, watchman at the South Mill street crossing of the Pennsylvania R. R., died suddenly in his shanty at an early hour this morning. Death is believed to have been due to a heart attack, Coroner Orville Potter stated.
Street car operators noticed that Marquette was not flagging the street cars and notified police, who went to the shanty, situated alongside the shop of F. C. Douds and company. His body was found by the police at 6:10.

The left side of Mr. Marquette's face had been badly burned where he fell against the stove, and his coat had been set afire at the collar.
Mr. Marquette lived alone since his wife died early this year. He is said to have relatives living in Columbus, O.
Funeral arrangements have not been completed.

Senior Class At High School Has Class Day

Original And Clever Program Given At School
This Morning

CLASS BRINGS NEW
DEAL TO ROUTINE

'Pantomime Type' Program
Is Staged; Many Features Presented

Like President Roosevelt, 191 seniors of the Senior high school's January graduating class believe in the "new deal" way of doing things and, at the school today, while a packed auditorium of senior B's, juniors and faculty members watched, they demonstrated that in an original "Senior Day" program this morning which swept previous class day functions far into the background insofar as novelty and genuine entertainment goes.

Was Something New
The blue-and-white garbed class folk upset the school's long class day tradition in their hour-and-a-half "pantomime type" program no less noticeably than did Roosevelt and his men when they boarded the sturdy, old "Ship of State".
And the seniors built their exercises around a ship—an ark, it was! And Old Noah, personified by President Heber Baldwin of the class, commanded it.

As Reader Howard Rumbaugh read line after line from an original poem which Robert Buchfield wrote, the senior members, wearing whatever garb happened to be appropriate, transcribed in pantomime the ups and downs of the class at Ne-Ca-Hi. And—and this might be classified as new, the faculty—or part of it—helped fill parts.

At New Wilmington
This afternoon the entire class was invited to go to New Wilmington for a social affair at Wyatt's lodge. Several members of the faculty accompanied as chaperons.
While nearly every senior—or all (Continued on Page Two)

Mozesz Writes Letter Monday

Still Pretends To Believe
That Slain Girl Is
Still Alive

LETTER IS GIVEN
OVER TO SHERIFF

Although he has been told of the death of Rose Bloch, and has been formally charged with the murder of the girl, John Mozesz still pretends to believe that she is living. Late Monday afternoon he wrote a letter to her, in the Hungarian language, and asked one of the guards to deliver it. The letter was turned over to Sheriff Pritchard.

Hundreds of curious people have endeavored to get in to see Mozesz since the night of the shooting. Sheriff Pritchard has three guards on duty every hour of the day and night and unless a person has business there, he cannot get in. Those who have business are given a written permission signed by the sheriff.

Mozesz is rational part of the day while at other times he seems flighty. He moans and tosses at times, talks of the dead girl and of the incidents leading up to the shooting.
By a strange coincidence Mozesz, the first major prisoner of the new sheriff, Edward D. Pritchard worked on the mill next to Pritchard in the Shenango tin mill. Sheriff Pritchard was a roller on one mill and Mozesz was a heater on the next mill.

When the sheriff walked into the room Monday evening Mozesz recognized him and talked for some time of work in the mill.

Declares Greta Garbo And Director Acted Just Like Newlyweds

(International News Service)
NEW YORK, Jan. 16—Greta Garbo and her director, Rouben Mamoulian, "behaved like a couple of newlyweds, when they visited a hotel at Holbrook, Ariz., on their mysterious motor trip through Arizona from Hollywood, according to Joe Gerwitz, proprietor of the hotel. In a long distance telephone interview with the New York Evening Journal today, Gerwitz described how the imperious, unsmiling Garbo of the screen had acted like a happy schoolgirl, pouring tea for Mamoulian, whispering soft and low and "looking awfully embarrassed."

The couple registered at the hotel

as "Mary Jones" and "Robert Bonji."

The woman was wearing dark glasses. When Gerwitz questioned her later she admitted she was the famous Garbo.

"They arrived in a big sedan driven by a negro chauffeur," Gerwitz related over the telephone.

"Both of them wore long coats and glasses."

"When they opened their coats I saw they had on skiing costumes—skiing in Arizona!"

"She signed the register as 'Mary Jones' and he as 'Robert Bonji'."

The skiing suits struck me as queer. I looked closer at the woman and

Treasury Secretary Tells Why Stabilization Fund For U. S. Asked

By ROBERT S. THORNBURG
International News Service Staff

WASHINGTON, Jan. 16—When you play poker you want just as many blue chips as the other fellow.

That, in a man's language, was the gist of Secretary Morgenthau's summing up of the Roosevelt proposal for a \$2,000,000,000 stabilization fund to protect the currency of the United States.

In other words the American government is engaged in probably the greatest gamble of all time, the stake is the credit of the United States.

Equal British Fund
"We figured we might need an amount substantially equal to the British stabilization fund," Morgenthau said when asked why a figure of \$2,000,000,000 for the stabilization fund had been asked.

"If we were going to play we must have as many chips as the other fellow."
"We want every piece of machinery as the other countries have. We want to be in a position to buy gold and to sell gold."

The \$2,000,000,000 stabilization fund will be derived from the government's profit on the debasing of the value of the dollar to from 50 to 60 percent of the normal valuation.

If the debasement is 50 percent the profit to the government will be \$4,000,000,000 in round numbers. A sixty per cent dollar will mean about \$2,666,000,000 in profits. Out of these profits will come the stabilization fund.

CHICAGO, Jan. 16—A parade of homely images out of the life of Dr. Alice Lidsay Wynekoop files today through the courtroom where she is on trial for the murder of her daughter-in-law, Rheta Gardner Wynekoop, on an operating table last November.

They come from the lips of one to whom all life is a series of homely realities, one who is unconscious of the picture of Alice Wynekoop, the woman.

Enid Hennessey, the schoolteacher who boarded with the Wynekoop family, and whose testimony was interrupted by adjournment yesterday is the artist.

Miss Hennessey will go back in the stand this morning to fill in the gaps in the defendant's portrait which all the eloquence of prosecution and defense counsel could not fill.

Roosevelt Plan Opposition To Be Ineffective

Hearings On New Monetary Program

By GEORGE R. HOLMES
International News Service Staff

WASHINGTON, Jan. 16.—Opposition to President Roosevelt's new monetary program, involving a 50-to-60 cent dollar and a two billion dollar stabilization fund with which to checkmate foreign sniping, will be sharp but ineffectual.

The Democrats are almost solidly behind the president. There are some notable defections, principally Senator Carter Glass of Virginia, a former secretary of the treasury, but the solid bulk of the Democratic majority stands squarely behind the new program.

The Republicans are demoralized and split. The orthodox regulars will oppose the program, but their opposition will be weakened by the fact that a dozen Republican insurgents in the senate and an undetermined number of Republican Progressives in the house are wholly in sympathy with the president's move.

Three Objections.
The opposition, ineffectual though it may be, will make its bid on three principal points:

(1) That the impounding of gold at the statutory price of \$20.67 and revaluing it at \$34.45 for governmental purposes violates the constitution and the bill of rights. (Continued On Page Two)

LYONS, France, Jan. 16—Official celebrations planned for today in connection with the homecoming of the French air fleet of 28 planes which has just completed a tour of French colonial possessions were cancelled as a result of last night's airplane crash at Corbigny, killing Pierre Pasquier, governor-general of French Indo-China, and nine others.

The plane hit a high tension wire while trying to make a forced landing at a field.

Emanuel Chaumie, director of civil aviation of the French ministry, was one of the victims, and two other French air experts also were killed. There were no survivors.

My mind is on inventions now. Of things to save us pains, and while I cannot draw the plans that's not my sort of brains, I can suggest to other folks just what the things should be, nor need they credit what I say that doesn't bother me. But here is what I would suggest a rubber band for hats that saves it blowing far and gives us time to think of spats. A band that holds your skimmer down, nor lets it fly away, would be a boon for all the men, it's thirty seven today.

(Special To The News)
BEVERLY HILLS, Cal., Jan. 16.—I never thought the time would come when I thought I would be able to advise colleges how to run their business, but in California Sunday we saw our first real professional football played and 25,000 come away raving about it, especially the rules under which they play, where you can pass from anywhere, anytime.

Now as football is not only the backbone but the glory of college existence, you fellows better open up your game, for this pro game was just made for an audience; no penalty every minute to keep an audience sore, nobody getting hurt every play, referees not in the way of the players.

Colleges have developed the yelling but the pros have developed the game. Now you colleges wake up, I don't want to see you have to close up your doors.

Yours,

HOUSE TO FAVOR FARM BONDS GUARANTEE

Small Group Opposed To Plan Seeks Paper Money Issuance

TWO BILLION IN BONDS TO BE USED

(International News Service)
WASHINGTON, Jan. 16.—Foreseeing little opposition, administration leaders of the house planned passage of the Johnson bill guaranteeing \$2,000,000,000 on farm loan mortgage bonds today.

With most of the Republicans on the agriculture committee supporting the measure, the chief opposition appeared from a group demanding passage of the Prazier bill calling for refinancing of \$8,500,000,000 of farm mortgages with paper money.

Three committee members—Boileau (R) of Wisconsin, Gilchrist (R) of Iowa and Pierce (D) of Oregon—joined in the demand for issuance of greenbacks instead of bonds.

A frank admission that the original issue of farm loan bonds for which interest but not principal was guaranteed, could not be sold except at heavy discount was made by the agriculture committee.

Under the bill, the Federal Farm Mortgage Corporation is to be established to make loans. The government would subscribe to \$200,000,000 capital stock and two billions in bonds could be issued.

Another troop committee got off to a good start last night when the group representing the First Baptist church met and organized. Montgomery Rogers is chairman, with Mr. Klingensmith as outdoorsman. Mr. Hay is taking the post of education member, and Mr. Horton is serving as thirty man. Rev. C. H. Heaton, (formerly a scoutmaster) will serve as troop counselor.

Kenneth Garratt is scoutmaster and Kimmel Barbour is signed up as assistant. The troop is active, and growing in numbers; meeting on Monday evenings. The meeting next Monday evening will be a hike to Pine Grove; the scouts assembling at the church at six-thirty.

TRAINING COURSE

The leader training course at Westminster College tomorrow evening will be somewhat out of the ordinary. In place of Dr. Bennett's address on "Scouting Advancement and Vocational Guidance" each participant will be given a problem relating to this, and then bring in their findings; so that these findings will represent the sum total of what each leader thinks about this question. The speech of the evening will be made by Dr. L. M. Beeler of Grove City College; who will speak on "Scouting Applied to Life." Those who have heard Dr. Beeler know that a splendid address can be expected. After the session, a swim in the Westminster pool will be enjoyed.

Biddle Debates On Resignation

Federal Administrator Orders Dismissal Of David W. Charles

BIDDLE REFUSED TO REMOVE HIM

(International News Service)
HARRISBURG, Jan. 16.—Eric Biddle, state civil works administrator, today was debating the question of resignation as a result of the action of Harry L. Hopkins, federal CWA administrator, in ordering the dismissal of David W. Charles, as assistant comptroller of the CWA in Pennsylvania.

Biddle, in a lengthy statement yesterday, declared he would resign rather than dismiss Charles, who recently was given a suspended three-year sentence in the Montgomery county court following his conviction on charges of misapplication of the funds of the Merion Title and Trust Company, of which he was an officer.

Dismissal Ordered
A few hours after Biddle's statement was issued, Hopkins sent him the following curt telegram: "You are herewith instructed to terminate services David W. Charles at once."

Gov. Gifford Pinchot has previously expressed his displeasure at having Charles on the CWA payroll but admitted the problem was in the hands of Washington officials.

In his statement Biddle expressed doubt over the justification of the jury's verdict in the Charles case and expressed utmost confidence in the former banker's integrity. It was said that Biddle dictated a fiery telegram of resignation upon receiving Hopkins' message but that friends prevailed upon him to take more deliberate action.

"Imagine my surprise when she replied: 'yes, you've guessed right this time.'"

"And your friend? I went on. He's Rouben Mamoulian, the famous director?" she shrugged and said, "ask him and see."

"Later I buttonholed the man and asked him. He acted kind of tough. He looked me up and down and said, 'you never can tell in these desert mirages.'"

Gerwits laughed over the telephone as he told how Garbo and Mamoulian acted toward each other. "Boy, talk about your schoolboy romances!" exclaimed the hotel proprietor. "You'd never think these people were famous Hollywood personalities. They behaved like a couple of newlyweds in their first hotel."

GRETA AND HER DIRECTOR PLAY HIDE AND SEEK

Miss Garbo admitted her identity to Joseph Gerwits, proprietor of a Holbrook, Ariz. hotel, and said that her companion—registered at the hotel as "Robert Bonji"—was in reality Mamoulian.

They used the same names and listed themselves as from Santa Fe, N. M., in obtaining rooms at a hotel at the Grand Canyon yesterday.

"I'm on a week's vacation," said Mamoulian.

Miss Garbo and Mamoulian appeared to be enjoying their vacation, including their game of hide-and-seek with Arizona amateur detectives and newspaper men who sought to definitely identify the elusive couple and learn their exact destination.

SENIOR CLASS AT HIGH SCHOOL HAS CLASS DAY

of them—was mentioned at some time during the program, several played lead roles in the program which provoked waves of applause at different intervals.

It so happens that young Burchfield wrote the class poem and so warmly was it received that the class officers chose to dramatize it, with minor changes, on senior day. And to Burchfield goes the credit for it.

Rumbaugh, serving as reader, commenced the show after President Heber Baldwin gave an explanatory speech concerning it. He spoke out the words clearly, briskly, and—in silent drama the class actors and actresses followed perfectly. The acting, foolish and otherwise, scored a hit.

Intermissions in the reading came and while the rest was taken either orchestra, composed of Tom Smith, leader; Merle Fisher, Dick Rentz, Ed Norris, Lena Silverman, Eugene Swinsburger and Dick Swanton, or the snappy senior A "rube dancers," Elizabeth Suber, Helen Messner, Ruth Phillips and Leah Bird, or the vocal soloists, Florence Burry, Johnny Phillips and Elizabeth Suber, would entertain.

'Ark' Is Background

Noah Baldwin manned his mighty ark well and in the program welcomed a host of classmates and faculty folk while the reader recalled more or less personal things about them. The students especially relished the class speakers' part in which their classmates and the faculty bore the brunt of frankly-spoken raps.

The historian was Arsen Armond, the knocker was Elizabeth Lewis, the prophet—and she prophesied great things—was Evelyn Van Buren and the class will read by Robert Allen.

Miss Bess Galley is the supervisor of the January class while James Marshall is vice president; Richard Rentz, treasurer, and Gertrude Shaffer, secretary.

The axe presentation—when President Baldwin of the A's wished success for President James Goodchild and his senior B's—brought the program to a close. Officers of both classes stood beside their leaders as the curtain closed.

Commencement for the seniors occurs January 26.

CONFLICT DELAYS WORK ON ROADWAY TO POWDER PLANT

reply was this: "We have been unable to start work on the road from Coverts Station to the Mahoningtown road because of the absolute lack of co-operation upon the part of the county commissioners. They have refused to join in this CWA work and to date the commissioners have not put a dime of money into it. The only thing we have received from them is a few second hand picks and shovels that were left over from the county coal field."

"Further than this, the ash walk on Atlantic Avenue, a safety measure which will save lives is held up because the commissioners have failed to provide any materials. The road job from Coverts Station is not only an industrial necessity but will save the commissioners the cost of repairing or replacing the old bridge near Coverts."

"The total materials needed includes 600 tons of gravel at a cost of \$300, 22 tons of calcium chloride at \$506, 500 feet of 18 inch pipe, \$500, 64 feet 24 inch pipe \$128, cement, sand and gravel, \$1000, reinforced steel \$64, and engineering, \$1500. The job will require 216 men and they should have been at work long ago."

Commissioner's Attitude

The reasons ascribed by the commissioners for failure to aid in this project vary. P. O. Elder said that he wasn't going to be a party to borrowing any money for improving any road just now. A. E. Conners first said that he thought the R. F. C. would do the job but added that he wouldn't be in favor of the water level road being built unless the road up the hill to the Mount Jackson road was built also.

Later Mr. Conner said he would go along on the building of the road, but qualified his statement a few minutes later by saying that the cost would be \$30,000 for a road. "We ought to build a substantial road if we are going to build any at all," he said.

"Informed that \$30,000 worth of materials would practically build the 2.3 miles of road out of concrete he said that he thought the road should be a substantial one."

Status Of Road

The immediate status of the road is this: The CWA has an approval on the project, it has its estimates drawn and the office of the administrator is ready to requisition the men at a minute's notice. All that seems to be necessary to get action on the road is for the commissioners or the township to furnish the materials. This also seems to be the status of the ash walk on Atlantic Avenue also.

Explosives company is out at Coverts Station compelled to transport its dynamite over a dangerous road. There are 100 men working at the plant and this number will be increased later. The management feels it is entitled to safe egress for its dynamite and the CWA is ready to give them the road if the materials are provided.

ROOSEVELT PLAN OPPOSITION TO BE INEFFECTUAL

(Continued From Page One)

Such conservatives as Senator Glass and Rep. Ladd (R) of Massachusetts, characterized this as "robbery."

(2) That the establishment of the \$2,000,000,000 stabilization fund, with which to deal in gold, foreign exchange, and government securities, places so much power in the hands of the president as to make him virtually a dictator.

(3) That the 10-cent leeway between the 50-cent dollar and the 60-cent dollar does not stabilize the dollar, but instead affords the executive still more power to manipulate the currency.

Seek Public Hearings.

The opposition hopes to force public hearings on the new monetary program. If successful, they plan to stage a parade of orthodox financiers and bankers through the witless chair pointing out what they consider the defects of the plan. They are practical enough to realize that they are fighting a losing fight, but they hope to lay the groundwork for a "case against the administration" that may come in exceedingly handy should the new program not live up to expectations.

The silverites, numerous in both houses, were pleased but not satisfied today with the situation. They welcomed dollar devaluation as a step in the right direction, but at the same time were deeply disappointed that Mr. Roosevelt did not go the whole way and recommend the complete remonetization of the white metal.

Deaths of the Day

Funeral Time.

Funeral services for Emerson H. Shaffer, who died at Ossining, N. Y., will be held Thursday at 2 p. m. from the home of his father, H. H. Shaffer of the Youngstown road.

Interment will be made in Grace-land cemetery.

Time Of Funeral.

Funeral services for Mrs. Sarah Jane Perry, widow of John Perry, 553 Trenton avenue, Wilkinsburg, will be conducted Wednesday at 2:30 p. m. from the home of Rachel Samuels, 906 Emory street. Interment will be made in Greenwood cemetery.

Mrs. Perry was born July 24, 1869 at Staffordshire, England, the daughter of Joel and Sarah Ourman. She died Sunday, January 14, at 11:30 p. m. at her home in Wilkinsburg.

She was one of a family of twenty children. She is survived by a daughter, Anna Perry.

Mrs. Emma E. Bruce.

Mrs. Emma E. Bruce, aged 77, widow of Newton Bruce, passed away last night at the home of her daughter, Mrs. Josephine Alexander, at 602 Walls street.

She was born on February 11, 1856, the daughter of Gordon and Leah Furst Borous, at New Lebanon, Pa. She has been a member of the Third U. P. church of this city for many years.

Besides her daughter the deceased leaves one son, Presley Bruce Warren, O., one sister, Mrs. John Schweikart of Franklin, and two brothers, W. E. Borous, of Sandy Lake and G. C. Borous of Meadville, Pa.

Funeral services will be held Wednesday evening at 8 o'clock from the late home. The burial will be made Thursday in Clearfield, Mercer county.

Mrs. Annie J. Kemp.

Mrs. Annie J. Kemp, aged 81, died at the residence of her daughter, Mrs. Frank Ferris, Wilmington township, Mercer county, on Monday evening at 9:00 o'clock, after a lingering illness.

Mrs. Kemp was the widow of C. H. Kemp, who preceded her in death in 1920. She had lived in Wilmington township for the past twenty years and there had many friends.

Survivors are two daughters, Mrs. Frank Ferris, at whose home she died, and Mrs. John Wallace, of Elmira, New York; and one grandson, Joseph Ferris.

Funeral services will be conducted from the residence of Mrs. Frank Ferris, on Wednesday at 2:00 p. m. Interment will be made at Fair Oaks cemetery, New Wilmington.

Funeral Of Mr. Crocker.

Funeral services for the late George Crocker, of New Castle R. D. 2, were conducted on Monday afternoon.

A short prayer service was held at the Book-Loyde Mortuary Neshannock avenue, at 1:45 p. m., with additional services following at King's Chapel at 2:30 p. m., with Rev. Sam Maitland in charge.

Three beautiful songs were rendered by Mrs. H. J. Maccom and Mrs. W. E. Harris.

Pallbearers were Edwin Crocker, Joseph Bartberger, Francis Bartberger, Plummer Fobes, John Sickafuse and Samuel Leonard.

Interment was made in the King's Chapel cemetery.

Mrs. Edward Lee.

Mrs. Fred C. Wolford, of 215 East North street, received word this morning of the death of her aunt, Mrs. Edward Lee, of 185 Evergreen avenue, Youngstown, Ohio.

Mrs. Lee died this morning, January 16, at her home at the age of 82 years. She was born in Mercer county.

Mrs. Lee is survived by her husband, Edward Lee and four sons, Charles Lee, of Canfield, Ohio, Dale Lee, of Canfield, Ohio, Frank Lee, of Campbell, Ohio, and Claude Lee, of Youngstown, Ohio; one granddaughter and one great-granddaughter.

Funeral services will be held on Thursday, January 18, at 1:30 p. m. from the Davidson-Bennett Funeral Home at Youngstown, Ohio.

PEDESTRIANS NEED NOT OBEY TRAFFIC LIGHTS

(International News Service)

LONDON.—Jay walking is quite legal in Britain and no pedestrian need obey a traffic light.

This was made plain by Major Oliver Stanley, Minister of Transport, in reply to a Parliamentary question.

The Minister said it would not be practicable to impose the same legal obligation on pedestrians as on automobilists at street intersections guarded by traffic lights.

TREASURY SECRETARY EXPLAINS REQUEST FOR STABILIZATION

(Continued From Page One)

Stabilization fund to be administered by the secretary of the treasury the remainder being available for any government expenditure.

Fund Existence May Suffice
"It is possible that the mere existence of the fund will be sufficient to carry out the law which requires that the secretary of the treasury maintain all lawful money of the government on parity with gold," Morgenthau said.

The secretary of the treasury is charged with the responsibility of administration of the fund to carry out that purpose. If any particular type of currency issued, United States notes for instance, should become depreciated in value, the treasury would go into the market and buy a sufficient quantity of that currency to maintain its parity.

Operations in the foreign markets to protect possible depreciation of the dollar would be similar. Any lawful money issued by the

United States would be employed in the domestic market to protect the currency. In the foreign markets, however, it is assumed that if it became necessary to protect the dollar bullion would be used.

MUSIC CLUB ENJOYS VISITING ARTISTS

The Music club had as guest artists last evening members of the faculty of the Department of Music of Westminster college who presented a program of beauty and art to an appreciative audience. Both the old and more modern type of composition made up the program.

Edward Freeman in his piano numbers displayed a rare poetic interpretation of Chopin while Miss Kirkbride showed brilliant and facile technique.

Alan B. Davis, baritone displayed his usual skill and dramatic ability in interpreting characteristic songs, his numbers being well chosen.

In the Grieg Sonata, Donald O. Cameron, violinist with Gordon Balch Nevin at the piano acquitted themselves in masterly fashion in this quite taxing work.

Mrs. Alan B. Davis proved herself an able accompanist.

Mrs. Albert Taylor and Miss Elizabeth Emery were the ushers and Mrs. Clinton Keagy was the hostess for the following lovely program:

Piano—Berceuse..... Chopin
Polonaise in A flat..... Edward Freeman
Vocal—Harlequin..... Sanderson
Vocal..... Harlequin—Sanderson
De Ole Arks a Moverine—Guion
The Old Grey Wolf—Burleigh
Allan B. Davis

Mrs. Allen B. Davis, accompanist
Piano..... Tocato—Chaminade
Cordova..... Albeniz
Scherzo..... Chopin

Miss Dorothy Kirkbride
Violin and Piano—Sonata in C Minor..... Grieg
Donald C. Cameron—violin
Gordon Balch Nevin—piano

The next meeting of the Music Club will be held January 29 in the Highland U. P. church.

Three Seven Club
Mr. and Mrs. Nick Maciarello, of 145 South Mill street, will entertain the members of the Three Seven club in their home Wednesday evening.

SHENANGO CHAPTER HAS MATRON'S NIGHT

Shenango Chapter 333 O. E. S. observed Matron's Night Monday with the evening's activities beginning with a most delicious dinner at 6 o'clock in the cathedral dining room.

The long tables were artistically arranged with appointments in yellow and rose, the lovely flowers and candelabra forming the centerpiece.

Mrs. Cecelia Young was general chairman of arrangements with Mrs. Bessie Griffith as hostess, she being aided by Mrs. Daisy McKibben, Mrs. Mary Griffith, Mrs. Clara Remley and Mrs. Myrtle Hildebrand.

The matrons, associate matrons and worthy patrons of the district were special guests and included Mrs. Lillian Kinsey of Evans City; Miss Regla Butler, Parker; Mrs. Florence Christy, Butler; Mrs. Olive Kerr, Mars; Mrs. Gladys Fox, Chilcora; Mrs. Olive Hewitt, Cathedral Chapter and Miss Gertrude Potter, New Castle Chapter.

The patrons of the district present were Henry Jackson of New Castle chapter, and Mrs. Jackson; Charles Tidd of Maquoda chapter, Butler, wife; Samuel Carson of Butler chapter, and Frank Goodwin of Cathedral chapter, and wife Mrs. Nellie Butler of Parker was also a guest.

Concluding dinner the group went to the East lodge room where the ceremonies of the evening were conducted, with Mrs. Carolyn Lindsey, district deputy grand matron, making her official visit to the chapter.

This evening the Parker City chapter will have matron's night and a number from here will attend.

AFTERNOON TEA TO HONOR MISS FOWLE

Mrs. Graham S. Fowle, 316 Rhodes place, will entertain at an informal tea Thursday afternoon to introduce to society, her daughter, Miss Elizabeth K. Fowle.

Miss Fowle is a '33 graduate of Danna Hall and has not been in New Castle much since, as she spent the past summer at the King summer home in Massachusetts and has just recently returned from Bermuda where the family usually spend their winters.

The affair will attract many members of the younger set as well as older friends.

Shower For Bride-Elect

Mrs. C. Felix of Waldo street, was hostess at a delightful shower given in her home Monday evening, in honor of her daughter Judy, who is a bride-elect of January 20.

Several tables of 500 were in play throughout the evening, with card prizes going to Virginia Marcell and Rose Sacrapanti.

At an appropriate hour a delicious luncheon was served by the hostess, assisted by her daughters, Betty and Mary Felix.

The guest list included: Dot Veri, Lucille Ambrose, Virginia Marcell, Gerry Regna, Katie Miscamara, Eleanor Micalatta, Rose Mary Roth, Rose Sacrapanti, Jenny Yaro, Margaret Felix, Ann Mollick, Betty and Mary Felix and the bride-elect, Judy Felix.

The honor guest was the recipient of many beautiful and useful gifts.

Tigers Auxiliary

Tigers Auxiliary held its regular meeting Monday night in the Tigers club, on South Mill street with Mrs. Mary Augustine and her team acting as hostesses.

Following a brief business meeting, cards and music were enjoyed. Prizes were awarded to Mrs. J. V. Bullano and Mrs. Jane Scarazzo. The next meeting will take place February 5, in the Tigers club.

HADASSAH EVENT AT COSMO CLUB

MRS. DAVID GREENBERG

Mrs. L. F. Kohn, president of the New Castle Hadassah, announces that the School Luncheon Fund party will be held Wednesday evening in the Cosmo club headquarters, North Mercer street.

Mrs. David Greenberg, of New York City will be the speaker. She is a most delightful woman and her thorough knowledge of Hadassah and its work, both in America and Palestine, makes her well worth hearing.

Mrs. Greenberg was treasurer of National Hadassah until she went abroad for a year's residence. While abroad she made a trip to Palestine for the purpose of observing and studying the Hadassah institution.

Two years ago she attended the World Zionist Congress at Basle as one of Hadassah's delegates. She has been national advisor to Junior Hadassah and chairman of the committee on Zionist Information, and is now chairman of the Palestine committee and in this capacity she is in contact closely with all the details of Hadassah and Palestine work.

Hostesses for the event will include Mesdames M. Mervin, Charles Levine, J. Cobb, J. Herschman, A. Katz, A. Gonic, M. Schiffman, L. Rosenberg, J. Cohen, S. Edelstein, L. Kulkin, A. Goldman, A. Marlin, J. Kulkin, J. Silverman, L. Miller, P. Winnick, L. Myers, Henry Wolf, and R. Rubenson.

CRISCI-VENTURELLA LICENSE IS ISSUED

A license to wed has been issued to Miss Vera Crisci, daughter of Mr. and Mrs. Samuel Crisci, of Croton avenue and Charles Venturella, son of Mr. and Mrs. Frank Venturella of the Wilmington road.

The bride-elect is a member of the graduating class this month at New Castle high school and the prospective groom is associated with his father in business.

Plans are being made for a formal wedding in St. Vitus church, February 1.

Florrie Davies Hostess

Monday evening the members of the choir of the New Castle Chapter 105, O. E. S. were received in the home of Miss Florrie Davies, Waldo street. She had as joint hostesses Mrs. May Turner and Mrs. Lillian Henry.

After a period of rehearsal the members engaged in cards and conversation, with a delicious lunch to conclude the evening. The hostesses were assisted in serving by Mrs. Henry Jones and Margaret Davies.

Mrs. Blau Hostess
Mrs. William Blau, 516 East Leasure avenue will be hostess to the members of the Community Service of the Lawrence County Federation in her home Friday at 2:30 p. m.

OVERSEAS LEAGUE DINES AT CURRY'S

Mrs. William Curry, Edgewood avenue, received the members of the Lawrence County Unit of the Women's Overseas League in her home Saturday for a one o'clock luncheon.

A most delicious menu was served at a prettily appointed table, with Miss Elizabeth McKay of Grove City and Mrs. H. L. Headland of Slippery Rock as out of town guests. Routine matters occupied the afternoon hours, with plans being made for the February 3 meeting, which is under the department of International Relations in charge. The meeting will be at the home of Mrs. S. H. Rhoads, 300 Moody avenue.

Mrs. Thomas C. Blaisdell, recently returned from a trip to Russia, will speak of her trip.

LEGION AUXILIARY READY FOR COUNCIL

Final arrangements were completed by the Ladies Auxiliary of Perry S. Gaston Post, American Legion, for the entertainment of the Four-County Council here on January 25. The convention will open with a luncheon in the Epworth M. E. church, followed by the business session.

Reports on membership showed a substantial gain has been made by the auxiliary during the first few months of the year, and matters are in good shape, President Potter states.

Plans were outlined for a Colonial Tea to be held on February 22, in honor of the birthday of George Washington. This will be open to members and their friends. Mrs. Frank Conner is general chairlady and will be assisted by Mrs. David Cox. Mrs. Blanche Allen will have charge of the entertainment.

DINNER AT EIGHT PRECEDES BRIDGE

A delightful innovation in the form of dinner at 8, followed by bridge interested a group of young people Monday evening in the home of Mr. and Mrs. Alden McBride on Edgewood avenue.

Places were arranged for twelve at a long table attractively decorated. Miss Emily Reynolds assisted her sister in serving.

Later, three tables of bridge were in play with prizes going to Miss Ruth McBride and Kenneth Zeigler. Desert and coffee were served concluding the games.

Guests included Mrs. John Christy, Misses June Webster, Mollie Komarc, Emily Reynolds, Ruth McBride, Messrs Claude Crull, Warren Weide, Wylie Sheek, Ken Zeigler, John Christy and Mr. and Mrs. McBride.

NEW CASTLE WOMEN GO TO WASHINGTON

Mrs. William Cosel, North Mercer street, and Dr. Mildred Rogers, North Mercer street, left Monday for Washington, D. C., where they will attend the ninth conference on the Cause and Cure of War, which is being held in the Hall of Nations at the Hotel Washington, this week.

Dr. Rogers is representing the Business and Professional Women and Mrs. Cosel is representing the Lawrence County group.

They will attend an afternoon tea to be given by Mrs. Franklin D. Roosevelt, and also an event at which Mrs. David Reed will be hostess.

MRS. TEMPLETON IS HOSTESS YESTERDAY

Mrs. J. H. Templeton was a pleasing hostess to the Current Events '23 on Monday afternoon at her home on Boyles avenue.

The program opened with music, after which a very interesting discussion on current events ensued. Mrs. W. H. Shipper conducted the business period and a great number of routine matters were taken care of.

Later a very excellent paper on "New Discoveries in the Field of Medicine" was ably given by Mrs. C. F. Flannery.

In two weeks the group will meet again and Mrs. C. J. Baker, of South Mill street, will be hostess.

Current Events Class

Miss Henrietta Woods was a special guest at the Current Events class meeting Monday afternoon in the Sheridan avenue home of Mrs. Frank R. Woods.

Roll call and a general discussion of current topics were of interest, and a committee of which Mrs. D. N. Keast is chairman was appointed to arrange for a Colonial tea.

The next meeting will be in two weeks with Mrs. J. Johnson Fisher of Sheridan avenue.

Deborah Class

Miss Thelma Seamons graciously received the members of the Deborah class of the Third United Presbyterian church in her home on Vogan avenue, Monday evening.

LEAVE THURSDAY FOR SOUTHERN TRIP

Mr. and Mrs. James T. Ray of Wallace avenue, will leave Thursday evening for a southern sojourn. At San Antonio, Texas, they will be joined by Mrs. Louis Jarman and Mrs. George McMein of Rushville, Ill., who are sisters of Mr. Ray.

The party expects to spend some time in Mexico City and neighboring places of interest, returning to New Castle about the first of March.

Entertain At Party

Mr. and Mrs. James Huff of the New Wilmington-Pulaski road entertained Saturday evening a number of friends from New Castle.

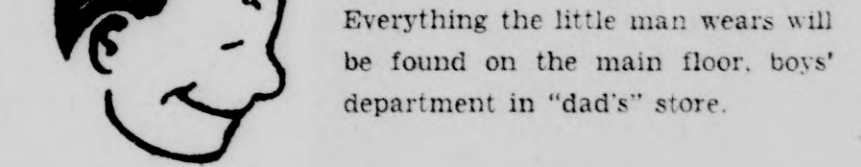

Music and dancing were the pastimes of the evening, with Mr. and Mrs. James Huff and son Russell as the musicians.

The group included Mr. and Mrs. William Shellenberger, Mr. and Mrs. Percy Ashton, Mr. and Mrs. Harvey Zeigler and Mr. and Mrs. Geo. Stiefel.

WE LIVE LONGER AND FASTER

THE average life span today is longer than at any other time in the history of the United States, and we crowd more living into it than ever before. Authority for the first part of the statement comes from Surgeon General Cumming, who says in his annual report that the death rate for 1932 was the lowest on record. No statistics are needed to verify the latter part; it is too self-evident.

We are living in a fast age. More and more is demanded of the human dynamo. And the marvel of it all is that the mechanism stands up so long under the strain imposed upon it by the present civilization. Much of the credit must go to science which is teaching us how to get the most out of the engine without impairing its efficiency, or shortening its life.

LATE HOUR DANGERS

One of the odd things which the Ohio State Highway Department has discovered is that the accident rate on country roads is highest between the hours of 3 and 4 a. m. — precisely the moment when the stream of traffic is at its thinnest.

Part of this is due to the fact that a certain percentage of intoxicated motorists is found on the highways at that hour; and an intoxicated motorist who is out driving at half past three in the morning is apt to be very badly intoxicated, indeed.

Partly, also, it is due to the toll of fatigue. Motorists frequently fall asleep at the wheel, in the course of an all-night drive, with disastrous results.

And partly, too, it is due to the fact that the empty roads tempt many drivers to indulge in dangerously high speeds.

In any case, the survey is worth a little thought. All of us, at one time or another, have occasion to drive all night.

When we do, we might remember profitably that those pre-dawn hours, when the roads are clear and driving seems so simple, are really the most dangerous of the day.

ANNUAL THRIFT WEEK

In announcing that National Thrift Week will be observed from January 17 to 23, the committee reminds the public that this is the seventeenth annual Thrift Week. There will be plenty of citizens to speak up with the comment that every week is thrift week for them these days. Others will be surprised to discover that such an occasion as Thrift Week was observed not only during the big boom years but for some time before. "Much good it did," mutter the pessimists.

Sponsors of Thrift Week, which begins on Benjamin Franklin's birthday, usually name a central theme for emphasis during the six days. This year it appears to be educational in a wider sense than usual. Says Adolph Lewisohn, chairman of the National Thrift Committee:

"The time for the seventeenth annual observance of this event finds the people of the United States, as seldom before, in the throes of discussions about money matters. It will be the aim of this movement to help them to understand better the financial situation and to formulate the best possible money program.

"The committee will undertake to co-operate with the government, as it always has, in every possible way. It is emphasizing for the year 1934 a three-fold program of wise spending, careful saving and generous sharing."

TUNA FISH AND HORSEFEATHERS

Honorable Japanese exporter is cute. When 4000 cases of tuna fish were unloaded from the Jap ship *Tatsuta Maru* at San Pedro, California, they were stamped with the NRA insignia, Blue Eagle and all.

Imitation, we are told, is the sincerest form of flattery. And the Japs are great flatterers. Their whole social and economic structure seems to be one grand echo.

But in adopting the NRA to sell fish they pulled an Oriental boner. Because now Uncle Sam wants to know how come? The shipment has been impounded and is Honorable Japanese exporter embarrassed?—Philadelphia Inquirer.

Weekly Health Talk

"The diphtheria rate in Pennsylvania has been reduced from 34.1 in 1906 when 2438 out of every 100,000 persons died from this disease, to 4.0 in 1933 when but 268 out of every 100,000 persons succumbed to this disease. This is but another conclusive indication of the march of progress as it applies to disease prevention. However, when it is thoroughly appreciated that parental neglect is largely responsible for even the present highly reduced death rate, it must be admitted that public opinion unfortunately has not kept pace with scientific advancement," states Dr. Theodore B. Appel, State Secretary of Health.

"Diphtheria is a highly contagious and serious disease of the nose, throat or upper air passages. It is caused by the Klebs-Loeffler bacillus—named after its discoverers. The presence of the germ causes an area of inflammation over which a tough grayish-white membrane spreads rapidly. However, the danger in diphtheria is not from the inflammation. The poison which the germs make and which goes all through the patient's system weakens the heart, damages the kidneys and can cause paralysis of various nerves and muscles.

WEALTH VS. PERSONALITY

You think that if you were to accumulate a large sum of money you would remain the same sort of person you are today.

It is doubtful. There are a number of persons you would like to punish in one way or another and there are certain things you would do if you fully realized that you no longer needed to cater to anyone for favors.

Probably you have often thought that you would like to be in a financial position sufficiently strong for you to disregard public opinion. You have an idea that the possession of much money wins any place you seek, no matter what you say or do.

But without the good will of those you like, of what avail is much money?

Peace and comfort would be denied you. To feel that friends are dependent upon the position you occupy and the kind of amusement you furnish the entertainment you give, is not satisfying.

Thousands of people with money get less joy out of life than those in more humble positions, surrounded by those who are attracted by their individual selves.

Don't allow your money to warp your judgment. Personality counts.

HOW ABOUT IT?

The Banking Code is very much in the air. It seems as though there was no official Code at the present time. The President is very much peeved. He says the Code was "put over" on him; that he had no idea what it contained. General Johnson repudiates it utterly, asserting that he was very much deceived also.

The Bankers have spent considerable of their hard earned money advertising the National Code in the newspapers and by circulars, and find themselves pretty much at sea. One Banker has proposed a Code. Those who now object to Codes and Continually throw cold water on the N. R. A.'s program, ought certainly to accept the one given here:

2. SPITTING ON FLOOR—

3. SPEAKING OUT OF TURN—

THE CHURCH SUPPER

There's one event in social life which changeless seems to be. Year after year since I was a child at mother's knee

The supper at the church has kept on goodly folks its grip. To fashion evenings now and then for human fellowship.

But as it was long years ago I see it still today. Now see that though countless other customs have worn out and passed away.

Still do the mothers of the flock together meet to plan A supper that will glad the heart of every hungry man.

Still do they bake their pans of beans and flaky chicken pie And write their lists of this and that which each one must supply.

Still do they work the whole day long with fervor and with zeal To set the tables and at last to cook and serve the meal.

Still do the pretty girls line up with those black oval trays And each to some young man who comes her special favor pays.

Still when the feasting is over the soprano sings a song And some invited speaker makes a speech that's much too long.

Then to a rising vote of thanks the weary women bow. They did that fifty years ago, and still they do it now.

Church supper! May they carry on in parish large or small; Against the changing tides of life this old world needs them all.

For while they stay it's very good in human hearts and something very brave in womanhood.

While groups of people gladly share church suppers now and then, They'll keep alive, in spite of change, the faith that strengthens men.

TODAY'S STORYETTE

Shrieks and yells of the most appalling type were issuing from the little cottage and quite a crowd had collected. Presently, clothed in the full majesty and dignity of the law, a policeman came striding to the scene.

"Now, then," he said gruffly, "what is this all about?"

"Please, sir," spoke up a small boy, "that's only my brother. He's

crin' because mama's eye sight isn't very good and she's deaf, too."

"He must be a feeling little fellow," remarked the officer wiping away a furtive tear.

"Yes, sir, he is. You see Ma's mending his trousers and he's got them on."

OWED TO THE "FLU"

When your back is broke and your eyes are blurred

And your shinsbones knock and your tongue is furred

And your tonsils squeak and your hair gets dry

And you're doggone sure that you're going to die,

But you're skeered you won't and afraid you will—

Just drag to bed and have your chill And pray the Lord to see you through

For you've got the flu, boy, You've got the flu.

When your toes curl up and your tummy goes flat,

And you're twice as mean as a Thomas cat

And life seems a long and dismal cure,

And your food all tastes like a hard-boiled hearse;

When your bones all ache and your head's a-buzz,

And nothing is as it ever was—Here are my sad regrets to you—

You've got the flu, boy, You've got the flu.

What is it like, this blamed old flu? Ask me brother, for I've been through

It is misery, crossed with despair; It pulls your teeth and curls your hair;

It thins your blood and dries your bones And fills your craw with moans and groans

And sometime, maybe, you'll get well They call it "flu"—I call it hell!

Prospective honeymoon couples who have been alarmed at the recent exposure of dry rocks where tons of water had poured each second at Niagara Falls and the comparative trickle of water in the Niagara river can rest easy—science has discovered that the falls will last until the year 23,032. The giant waterfall started to spill over a rock cliff 30,000 years ago and has only eaten its way through seven miles of solid rock in that time. Few of the more than 2,000,000 visitors to Niagara each year realize that concealed behind the majestic and beautiful sight of millions of tons of water plunging 160 feet into swirling gorges is a romance of industry. The World At A Glance

"Biggest" News?
A Murder Trial
Trying to Explain LifeBy LESLIE EICHEL
Central Press Staff Writer

CHICAGO, Jan. 16.—What is news? Ask Chicago—it believes it knows.

Americans made the greatest long-distance cross-water mass flight. That was news.

But there was "greater" news in Chicago. A 63-year-old woman physician, cultivated and soft-spoken, was on trial for her life, charged with killing her daughter-in-law on her operating table.

In Chicago, at least, not enough could be written of this woman. Morbidity? Hardly. Life remains the chief mystery, the inexplicable. Flights and wars, and even a trip to the moon, have no attraction to equal the delving into that master mystery—life.

CHICAGO

Chicago in itself is a mysterious city. Sprawling, unkempt, bold, it remains pioneer, western.

Its future lies in its own regeneration. Can it shake off the corruption that stems from buccaneering promoters into the highest reaches of politics?

One need not mistake—corruption does not center in politicians. Corruption begins in "higher" places.

Chicago even now would condone the practices of a Samuel Insull. "His electric lines get me home five minutes earlier," said one man. It is no use informing this man that the same electric lines could have been built for much less, if there had been no overcapitalization, for which he pays in some manner—pays for years to come.

Much criticism has been directed at Fiorello H. LaGuardia, new mayor of New York, for his desire to have large powers. But, if I mistake not, such powers will accrue to other mayors, whether we will it or not.

Banker-politico dictatorships are to be overturned. And Chicago soon will be facing the same condition that confronted New York—a strong dictator-mayor or chaos.

Of course, good government men will tell you that the mayoralty system is wrong to begin with. A truly representative government is the commission form, with a city manager who can be "fired," yet who is a dictator.

WASHINGTON

In Chicago as in New York, businessmen (and housewives) look to Washington for the most important news of the day.

That news may not be the most interesting, nor may it be understood. Nevertheless, folk here "feel safer" if they see big headlines from Washington.

And, in perusing foreign papers, one finds that it is not only the United States but the world that places faith in President Roosevelt.

A terrible responsibility rests not only on Mr. Roosevelt but on the man who interprets the news in Washington. There is a narrow path.

It would be popular for the moment for the newspaper writers in Washington to step from that path, to belittle congress, as Wall Street consistently does. But that would be betraying the people.

So widespread has the propaganda of belittling congress been spread in the past that, now, when the presi-

dent calls for honest criticism, calls for a balancing power, men fear to step forth.

"Big business" men sent to the senate in past years present a sad appearance these days. They cannot put up any intelligible or intelligent opposition, for their "narrow world has disappeared—and they flounder helplessly between heaven and hell."

Thus the question arises in Chicago as elsewhere: "Who will rise to be the intelligent critic that the United States needs in the halls of congress?"

IN LOUNGE CAR

Lounge cars of through trains still have their quota of men of affairs.

In one car I heard an aging man from Cincinnati remark that he held German bonds, on which payments have been cut into half by German rulings.

"But," remarked the gentleman from Cincinnati, "can we protest to Germany when the United States, wealthiest nation in the world, devalues its dollars? It is a necessity of the times. We must lose our money."

What a true commentary of the times!

PERFECT M'ID

Then there is the mistress who willed her "perfect maid" \$250, clothing, furniture and other effects, and an annuity of \$450. That, out of an estate of \$50,000, which went otherwise to a "dearest nephew," a rector of a church in Lyng (Norfolk).

The maid, Eliza Nightingale, served her mistress for 34 years. The mistress was Miss Lucy Sutton of Carlyle mansions, Chesham, Chesham, S. W.

Miss Sutton said (in her will) of her maid:

"I desire to place on record that should the said Eliza Nightingale, being a person of active habits and intense industry, care at any time occasionally to undertake any kind of household duties I can recommend her as a woman of most respectable parentage and antecedents."

"Of prepossessing manners and appearance, proficient in every department of domestic science, and woman of scrupulous honesty and cleanliness, conscientious in the non-waste of food and the careful handling of china."

City employees and public school teachers are in a happy frame of mind this week as "The ghost walks, Thursday and Friday. On Thursday the city employees will receive their wages and on Friday the teachers will draw their pay. Both will be paid by check. The checks for teachers are delivered to the school superintendents then given to the teachers. The city employees receive their checks at the city building. The latter are given 30 per cent of their wages in negotiable paper which pays six per cent.

Deputies in the city treasury today stated that there is penalty added to 1933 city taxes on which six per cent is charged but a penalty of 5 1/2 per cent on school taxes for the same period. Collectors are continuing to collect as much as possible of the 1932 personal taxes for which they receive a flat price. The money is paid at the city treasury. There was some talk of creating a bureau to collect as much 1932 property tax as diplomatically could be gathered in but the idea, though born, has not yet started moving.

Owen P. Fox, who has been taking care of workmen and trees at Gaston park for some time and who recently was named a city forester at a salary of \$100 month is back on the city pay roll. He was loaned to the CWA about two weeks ago but yesterday council at the recommendation of Director of Parks Alexander returned Fox to the city payroll, the CWA no longer requiring his services.

During the Mayor Dunlap administration city police had a revolver range beneath the treasury in the city building. Some of the blue-coats became very proficient in marksmanship. For the past several years no revolver practice has been held—one of the reasons being

the lack of money with which to purchase bullets. It was pointed out today that an excellent range can now be built were the services. The men would be given employment and the cellar converted into a splendid range at slight expense. It would not cost much for the material, it is reported. Police pistol practice is held by the state highway patrol and the state police. The highway patrol participates regularly in shoots and also the state police.

Not long ago it was reported that Henry Ford proposed to purchase a farm near West Alexander, Washington county, which was the birthplace of William H. McGuffey who produced the McGuffey Reader and indications are that before long Ford may have the log cabin moved to Dearborn. It is said that Solicitor Robert White of this city had a role in the sale. Mrs. White, it is said, had a mortgage on the farm for many years and this recently was satisfied by Ford's agents. One of Mrs. White's great uncles married a sister of McGuffey and lived in the Coitsville section.

Having completed all his duties at the New Castle Works of the A. S. & T. P. company Earl Wimer, the new city controller, is now on the job. Owing to the duties of his auditing job he could not leave his tin mill job without cleaning up the "odds" and ends. During that stretch he worked the controller's job at night. However, Saturday he was honored when foremen and clerks gathered in the meeting room at the New Castle Works and presented him with a Hamilton watch as a token of esteem in which he was held. The presentation was made by Assistant Manager Harold Pyle. Wimer is proud of the gift and displayed it in city hall today.

Not so many months ago Rev. G. S. Bennett of the Lawrence County Emergency Relief board requested city council to make arrangements for a municipal bathing pool. There was considerable talk about such a pool. However, it does not appear as though one will be built. The cost of the material is said to be the holdback.

Hollywood's Beauty Secret wins again!

HERE is proof positive that the girl with a radiantly lovely complexion always wins in the game of hearts!

These two girls (now happy brides) realized how imperative a really lovely, soft, clear skin is. So they adopted Hollywood's complexion care.

As Mrs. Walsh puts it: "It's so significant to me that so many Hollywood actresses use Lux Toilet Soap that now I use it to keep my skin exquisitely lovely."

Mrs. McAdow says: "When the fascinating screen stars say that any girl can win greater loveliness with Lux Toilet Soap, I felt I owed it to myself to follow their advice. I'll never use any other beauty care."

The irresistible charm of a complexion that all men admire can be yours. Start today to use fragrant, white Lux Toilet Soap regularly. Prove to yourself how much lovelier you can be!

Jean Parker
lovely M. G. M. star,

like 9 out of 10 other Hollywood stars, uses Lux Toilet Soap to keep her skin youthfully appealing. She says: "Lux Toilet Soap is magic for the skin! I use it faithfully, for it keeps my complexion exactly as I like it—velvety smooth, clear and fresh!"

County commissioners have organized for the ensuing year by electing P. O. Elder, chairman, and A. E. Conner, secretary. P. R. Woods was elected chairman of the poor board and A. E. Conner, secretary. No action was taken toward fixing the tax millage for the year 1934, as the assessors' books have not yet been written up. Some of them, particularly in this city, have not been returned to the commissioners' office. It will be impossible to set the millage until all the books are in and the total valuation of the county is ascertained. An effort will be made to secure this as soon as possible in order that property owners may pay their taxes. At present the county is running on borrowed capital, and this will be necessary until the 1934 taxes begin coming in.

If CWA work could be done on cemeteries a lot of men could be given employment. Register of graves, Thomas Edmunds, says that there are at least seventeen cemeteries in the county that are in need of attention. He took the matter up with the CWA department at Harrisburg, but learned that cemetery improvement was not among the projects contemplated. Some of the cemeteries of the county are kept in good shape by endowment funds, while others are kept up by subscription.

Mothers, Mix This At Home for a Bad Cough
Needs No Cooking! Big Saving!

You'll be pleasantly surprised when you make up this simple home mixture and try it for a distressing cough. It's no trouble to mix, and costs but a trifle, yet it can be depended upon to give quick and lasting relief.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water for a few moments until dissolved. No cooking needed. Get 2 1/2 ounces of Pinex from any druggist, put it into a pint bottle, and fill up with your sugar syrup. The pint thus made gives you four times as much cough remedy for your money, yet it is far more effective than ready-made medicine. Keeps perfectly and tastes fine.

This simple remedy has a remarkable three-fold action. It soothes and heals the inflamed membranes, loosens the germs and phlegm, and clears the air passages. This it makes breathing easy, and lets you get restful sleep. Pinex is a compound of Norway Pine, in concentrated form, famous as a healing agent for throat membranes. It is guaranteed to give prompt relief or money refunded.

Shenango, Slippery Rock and Taylor townships were well represented at a sitting of the board of appeals yesterday. There were some complaints of assessments being too high. Hearings are being held in the private office of the commissioners.

Sixty-three instruments of all kinds were recorded at the office of the register and recorder last week. They included 53 deeds and 7 mortgages. The deeds compared with 23 the previous week, but the increase was not caused by activity in real estate but by sheriff sale deeds. The deeds for property sold by Sheriff Edward Pritchard on the first day he took office, were among those recorded. Of the mortgages, two were to the land bank commissioner for \$500 and \$1,000 respectively. One for \$1300 was an individual mortgage and four totaling \$17,100 were to building and loans, presumably re-financing operations.

A commission for A. H. Fox, as Justice of the Peace of Perry township, was recorded yesterday at the office of the register and recorder.

"That shows that New Castle is on the most direct route from the automobile factories in Michigan to New York," said Attorney George T. Weingartner yesterday, as he looked out a window and saw a line of yellow trucks being driven up East Washington street. The trucks were a part of the many that have been going through New Castle at regular intervals ever since last fall. It is said that the order which is being filled amounts to over 3000 trucks. The drivers generally stop off in New Castle, and the fact that this city is on the direct route to New York has resulted in considerable money being left here.

John W. Bell of Pennsylvania avenue, was a visitor at the court house on Monday. Mr. Bell is one of the old time bricklayers of New Castle and helped to erect many of the principal buildings. He expects to see a revival of the building boom within a short time.

County commissioners, sitting as a board of appeals, are hearing complaints from Union township taxpayers today. Usually there are several townships heard in one day, but Union, being large and populous, requires more time.

So far no time has been fixed for hearing arguments on the mandamus brought by the Thayer company against County Controller, R. C. McCaslin to compel the payment of \$7,800 commission alleged to be due. The court is engaged in hearing common pleas cases, and it is likely that the Thayer case will be taken up at the close of the court cases.

WASHINGTON, Jan. 16.—Secretary of the Interior Harold L. Ickes, a mighty chieftain in the Roosevelt administration, today outlined twin goals of the "New Deal."

These goals are (1) a planned national economy, and (2) a new standard of personal living in which the scramble for wealth will be replaced by emphasis upon service.

National Planning
"One of the big things of the 'New Deal' is the concept of national planning," Ickes declared. It is in its infancy. It should be a permanent function of our government.

"The depression, with its inexpressible tragedy and suffering, has revealed the falseness of standards based upon inordinate lust for profits.

"As human beings we want to live the fullest lives possible. That does not mean scrambling to accumulate the most money. There has been too much of the idea that we should make all the money we can as fast as we can.

Stresses Public Works
"Profit is all right, but there is a lot more to life than that."

As administrator of the \$3,300,000-

000 public works fund provided last spring, Ickes stressed the dominant role that public works should play in a planned national economy.

"The government should adopt a national fiscal policy allowing the sharp reduction of the public debt, together with accumulation of a big cash reserve, in prosperous years," he asserted. "It should have national public works plans ready."

Need Cash Reserve
"The reserve and the plans could then be utilized without delay when business began to fall off and unemployment to increase."

Ickes praised the public works scheme outlined by Herbert Hoover as secretary of commerce, but sharply criticized Mr. Hoover's failure to place the scheme in effect when he became president.

"Mr. Hoover's theory was well worked out," said Ickes, "but he refused to use it."

Purchasing Power
With the federal, state and local governments in a national plan to sustain mass purchasing power, the secretary observed, individual citizens should begin now to take advantage of increased leisure resulting from shorter working hours.

"We must educate the people for leisure," he added. "They are going to have more of it, and they ought to."

Ickes Enjoys Work
Stressing service as a main ingredient of New Deal philosophy, Ickes remarked, "I have a lawyer here in my department who gave up a \$40,000-a-year practice to work for \$6,000. I encounter him often when I leave my office at 11 p. m."

Member of a distinguished pioneer family which came to Pennsylvania with William Penn; holder of two university degrees, noted as a progressive Republican, Ickes thoroughly enjoys his work.

P. G. Club Meets
Members of the P. G. club met recently with Mrs. Katherine Arbuckle of South Crawford avenue.

Divisions for the evening were music and cards, with the high score prizes in the latter being won by Mrs. Hazel Patton and Mrs. Clyde Rohrer.

The guests were served a tasty lunch by the hostess later in the evening, assisted by Miss Helen McGreevy.

Mrs. Charles Piles, Leisure avenue, will be hostess to the club in two weeks.

New Castle Water Company
Donates 78 For Planting
In Local Parks

Through the courtesy of J. L. Matthews, manager of the New Castle Water Company, 78 silver maple trees will be planted in the parks which are being worked by CWA employees. The trees are sturdy ones, well developed and in a few years will be a splendid addition to the parks.

"We can use a lot more such gifts," said M. A. Guntton, deputy administrator. "The CWA has no authority to purchase trees or shrubs but we can accept any number of them as gifts. Certainly in New Castle there are a number of people who are willing to donate trees or shrubs to the public parks and we hope the example of Mr. Matthews may be emulated by others."

Sharon Woman In Jail Cell

Woman Confesses "Mercy Slaying" Of Two-Year-Old Mute Baby

MURDER CHARGE WILL BE FILED

(International News Service.)
SHARON, Pa., Jan. 16.—Mrs. Mary Zlaty, 28, who police claim confessed the "mercy slaying" of her son, Rudolph, 2, in February, 1929, was back in her Mercer county jail cell awaiting court action today following her arraignment before Alderman Harry J. Elliott on a murder charge.

Police and county authorities continued their check-up on details of the confession which came almost five years after the child's death.

May Exhume Body

According to the mother's confession, Rudolph was a mute and paralyzed from the waist down. Rather than have the child go through life in misery, the mother told officers she strangled him. It was not until recently when she told her husband of her action that her secret had become known. He told her to go to authorities and surrender.

Welshmen Induct Officers Of 1934

Star Of Wales Lodge Also Plans To Join Martha Lodge On St. David's Day

(By WILLIAM A. JOHNS)
Brython

A very interesting meeting, full of benefit to the lodge and order, was held last Saturday evening at the Emmanuel Baptist church by the Star of Wales Lodge. Reports were given by the auditors, Thomas Grey, Joseph Pugh and Griffith Phillips.

Then Brother Joseph Leyde installed the following officers for the coming year: past president, Joseph Pugh; president, Griffith Phillips;

KILLS A COLD "DEAD"!

That's what Groves' Laxative Bromo Quinine does—knocks a cold "dead" than last year's calendar! This is why: First, it opens the bowels. Second, it combats the cold germs and fever in the system. Third, it relieves the headache and crampy feeling. Fourth, it tones the entire system and fortifies against further attack. 30c and 50c at all drug stores.

vice-president, Thomas Grey; tin secretary, Thomas D. Thomas; treasurer, Daniel Hughes; recording secretary, William A. Johns; Brython; steward, Isaac Isaacs; conductor, Llewellyn Thomas; inside guardian, Harry Davies; outside guardian, James B. Evans; trustees, Thomas Grey; chairman, Griffith Phillips and Henry T. Jones; auditors, Joseph Pugh, Griffith Phillips and Thomas Grey. These are some of the leading Welsh people of our city so we can say that the business of the Star of Wales lodge is in the hands of careful people.

The lodge is very prosperous at the present time, having met all the obligations for the year 1933 with a smiling face. At this meeting also the members passed to accept the invitation of Martha Lodge to join it in celebrating St. David's Day on Tuesday evening, March 6 at the First Congregational church. The celebration will include a tea party and entertainment. Martha lodge will have charge of the tea party and the men will not look after the program.

Sunday evening was a red letter day for the family of Mr. and Mrs. William Phillips. East Reynolds street. It met together to celebrate the birthday of the husband and father, William Phillips. A splendid and delicious dinner was prepared by the daughters and grand-daughters. Everybody present wished Mr. Phillips happy returns of the day. He received a load of birthday cards and many precious and useful gifts.

Griffith Thomas of Park avenue, filled the pulpit of the Emmanuel Baptist church last Sunday evening and preached a powerful and interesting sermon to a large audience of people.

Rev. Rees T. Williams, pastor of the First Congregational church, received a telegram last week from Cincinnati, O., telling of the death of William Beor, who was well known to the Welshmen in this city. He, with his wife and daughter and his pastor, paid a visitor to New Castle last summer. They called on Llewellyn Thomas, Mr. and Mrs. David Daniels and others in the city.

Emmanuel church Sunday school on last Sunday elected the following officers for the year:

Superintendent, Griffith Phillips; assistant, Mrs. Mary Jones; secretary, Miss Ann Mae Jones; treasurer, Miss Ellen Jones; pianist, Miss E. Jones; chorister, Brinley Hughes; librarian, Philip Haas.

Bobby Evans, of East Reynolds street, rendered a very beautiful solo during the service at the church in the evening.

National Leader Addresses Eagles

Post Grand Worthy President Is Heard By Local Aerie On Monday

SEES TRYOUT OF EAGLES' PROJECT

EDWARD J. RYAN

"The federal economic planning board for which Eagles have been fighting since 1930 is now a fact," Edward J. Ryan, Philadelphia, past grand worthy president of the Fraternal Order of Eagles, told nearly 200 local members of that organization when he spoke last night in the Eagles home, South Jefferson street.

For the last three years, Mr. Ryan explained to his audience, Eagles have been campaigning for a permanent federal board continuously to study conditions in industry, agriculture and commerce, and constantly to plan in advance what needs to be done to keep business on an even keel. He called this board "an economic weather bureau" and said that under the NRA it had been brought into existence.

"In the NIRA," the former Eagles president declared, "provision was made for an industrial planning and research division of the NRA. That division is now functioning, with a personnel of 25 economic and industrial experts."

Mr. Ryan pointed out that in this division the Eagles see a "tryout" of their long cherished plan, and said that both Dr. Alexander Sachs, chief of the division, and Dr. George B. Galloway, head of its planning section, have acknowledged that the division embodies the stabilization principle that the Eagles took to Washington in 1930.

The coming of Past President Ryan brought Charles Gunther, Pittsburgh, also a past grand worthy president, to the affair. Mr. Gunther spoke briefly on membership.

Presiding as chairman of the program was President George Anthony of the New Castle Aerie 435, the host organization.

Delegations from all over Lawrence county and Beaver and Butler counties were here as guests for the evening.

Following the program, the New Castle lodge served a delicious lunch to the audience. A class of new members was initiated.

SWEDISH KING HELPS

NATIONS FIGHT CANCER

(International News Service)

STOCKHOLM—Thanks to the 70th anniversary fund of King Gustaf Sweden has been able to spend 476,106 kronor (\$127,896) for the anti-cancer fight. A similar fund subscribed for his father in 1897 was devoted to the suppression of tuberculosis.

Belgium. Sweden now has between nine and ten grams of radium with which to carry on the battle against cancer.

The royal birthday gift originally amounted to 5,000,000 Crowns and the king decided it should be used for the anti-cancer fight. A similar fund subscribed for his father in 1897 was devoted to the suppression of tuberculosis.

New Ruling Made On Liquor Sales In Pennsylvania

All Liquor Made Within The
State Exempt From Pro-
visions Of Witkin Act

LIQUOR BOARD IS IN CONTROL

By G. EVERETT DOYING
HARRISBURG, Jan. 16.—Penn-
sylvania-made liquor goes to any
corner of the world without contrib-
uting a cent in taxes to the com-
monwealth treasury.

The state board of finance and
revenue has ruled that all types of
liquor made in the state are exempt
from provisions of the Witkin Per-
manent Tax Act because, if export-
ed, they come into "substantial com-
petition" with alcoholics made in
states with no export taxes.

So far at least, the rulings do not
apply to wine, which is now taxable
at one cent per unit of alcohol per
gallon if exported. Liquor made and
sold in the state must be sold to the
state must be sold to the liquor
control board and is tax free, the
state store profits being substituted
for taxes.

Briefly stated by Arthur J. Farber,
chief of the collections bureau of the
department of revenue, the situation
today is this:

"Any legal liquor transaction in
Pennsylvania, except in wines, is tax
free."

Collections Low

What effect the rulings will have
on advance estimates that the state
stores and liquor export taxes would
produce \$28,000,000 in revenue for
the state during the remainder of
the biennium remains to be seen.
Tax collections to date, including
the \$2 per gallon pre-emption floor
tax payments which are expected to
total more than \$12,500,000 in addi-
tion to the \$28,000,000 by the end of
the year, amount to less than \$300,-
000.

The rulings of the board were
made under amendments inserted in
the Witkin Act at the special session
of the legislature to protect Penn-
sylvania distilleries from unfair
competition in outside markets.

Lowest Possible Tax

The amendments provided that
exported Pennsylvania liquor should
be taxed at the lowest rate of any
export tax in a state in substantial
competition with this state. Ma-
chinery was set up to permit dis-
tillers to apply for exemptions from
taxation up to the difference be-
tween the \$1 per gallon Pennsylva-
nia tax and the lowest outside
tax.

These applications have been filed
by concerns making gin, whiskies
and alcohol based on the contentions
that several states, notably Illinois,
Maryland, and New York, have no
export tax. Ruling by the board fol-
lowed exempting these products
from taxation.

At the present time Pennsylvania
distilleries do not manufacture rum,
brandy and other fancier types of
beverages, according to the board.

Fraternity To Dine; Hear Pastor Tonight

The Rev. C. W. Johnstone, pas-
tor of the Central Christian church,
will speak before the Uparatasa fra-
ternity of the Y. M. C. A. follow-
ing a spaghetti supper it will hold
in the Y at 6:30 o'clock tonight.

The Uparatasa, young men's fra-
ternity, has named Ralph White its
president, Howard Warnock, vice
president; George Glass, secretary
and Harry Wyman, treasurer.

Past National Commander
Robt. G. Woodside To
Speak On Bonus

OPEN HOUSE WILL FEATURE MEETING

Harry L. McBride Post, Veterans
of Foreign Wars, will be host to the
veterans of the New Castle district
on Wednesday evening, when open
house will be observed at the Legion
Home on North Jefferson street.

Past National Commander Robert
G. Woodside, who is one of the
fathers of the Pennsylvania Bonus
Bill, having been chairman of the
Vets. Legislative committee, when
the bill was introduced, will be one
of the speakers of the evening.

He will be accompanied by John
L. Bingham, past department com-
mander of the V. F. W. in Pennsylv-
ania, and Charles R. Haley, head
of the V. F. W. service bureau in
Allegheny county.

Any veterans who are not fami-
liar with the proposed bonus legis-
lation and method of payment, are
invited to attend this meeting as a
complete explanation will be given
by these men.

Lunch will be served at the close
of the meeting.

CUBA'S NEW PRESIDENT ASSUMES HIS DUTIES

Seeks To Restore Order In Country

New Cabinet Will Be Named Today By Newly Appointed Executive

CIVIL WAR MENACE MUST BE COMBATTED

By RICHARD ARMSTRONG
International News Service Staff Correspondent

HAVANA, Jan. 16.—Laboring under the menace of a new civil war, Carlos Hevia, Cuba's new president, today plunged into the difficult task of pulling the island republic out of its political and economic chaos.

A new cabinet was to be named sometime today to replace the ministers of the Grau San Martin regime, who resigned in a body last night. Hevia himself, who was sworn in only provisionally yesterday, was to formally take the oath of office in a state ceremony.

Military Precautions.
Extreme military precautions were taken throughout Havana in anticipation of trouble which was likely to develop suddenly and at almost any moment as a result of grave dissension among Cuba's political leaders.

The Cuban gunboats Cuba and Patria were stripped for action in the bay, with sandbag barricades erected about their decks. All strategic points in the capital were carefully guarded by special groups of armed soldiers, and the Presidential Palace was under an unusually heavy guard.

Authorities sought to prevent another incident such as the shooting which broke out before the Palace yesterday, resulting in the killing of four and serious wounding of eleven persons.

The civil war threat lay in the dissatisfaction of the army and other supporters of Col. Fulgencio Batista, chief of staff, with the selection of Hevia. Behind Hevia stood Antonio Gutierrez, who had the strong backing of the navy and police.

Preaching Mission In Trinity Church

Series Of Evangelistic Services Will Be Featured In Church Next Week

Rev. P. C. Pearson, rector of Trinity Episcopal church, announces that a preaching mission will begin in his church Sunday evening, January 21, at 7:30 with the Rev. John C. Ward, D. D. S. T. D., Bishop of Erie, as the speaker.

The senior choir will have special numbers each evening under the direction of Paul Browne Patterson.

The services will be featured by evangelistic sermons with Holy Communion each morning, alternating at 7 a. m. and 9:30 a. m., beginning Monday at 9:30; there will be Bible hour each afternoon, except Saturday 2:30 to 3:30 and informal preaching each evening at 8 o'clock, except Saturday, Wednesday and Friday at 4:30 p. m. there will be a special service for children and young people.

The general subject of the mission is "Personal Loyalty to Christ." All services are for both men and women, boys and girls.

Primitive Church To Begin Campaign

New Castle Holiness Union Will Have Services From January 21 To February 7

A prophetic evangelistic campaign will begin Sunday, January 21 in the Primitive Methodist church with six local churches, known as the New Castle Holiness Union, taking part.

Rev. Nathan Cohen Beckin, a Russian Jew, nationally known as an evangelist, author and lecturer will be the speaker and one of his sermons will be on "The Mark of the Beast."

The meeting will be held each evening at 7:30 from January 21 to February 7.

Democratic Chiefs Support Monetary Move By Roosevelt

(International News Service)

WASHINGTON, Jan. 16.—The heavy Democratic majorities in both houses of Congress expressed general approval Monday of President Roosevelt's message asking authority for the government to take title to all monetary gold stocks.

Administration leaders at the capitol generally sprang to the defense and praise of this new monetary step, and critics for the most part were silent or declined to be quoted.

Typical comment follows: Senator Fletcher (D) of Florida, chairman of the banking and currency committee: "It is a very important message. It seems to be the wisest course for us to pursue."

Senator Wagner (D) of New York: "I'm going to support the president in this matter."

Express Approval
Senator Gore (D) of Oklahoma, approving the president's program, suggested the profits, which accrue to the government by devaluing gold now held by Federal Reserve banks, should be placed to the credit of the Federal Deposit Insurance corporation.

"These profits should go into the funds of the Federal Deposit Insurance corporation to protect the deposits of our banks," said Gore.

Rep. Byrns of Tennessee, majority leader: "The question of confiscation is ridiculous because gold certificates will be issued for the gold. If subsequently the people take steps to increase the value, whatever profit is made should be the profit of the people and not the bankers. It is not confiscation. It is important that the legislation requested by the president be passed quickly."

Rep. Rankin (D) of Mississippi: "This is the greatest step yet taken for permanent relief from this depression. It means a liberal, controlled expansion of the currency. If carried to its logical conclusion, it will do more to restore prosperity to the American people generally, and to the American farmers and home owners in particular, than anything else that has been done up to the present time."

Rep. Charles Mitchell and daughter Grace were guests of the former's daughter and husband Mr. and Mrs. Raymond Genger of West Middlesex, Saturday evening.

The Elizabeth Parson Bible class of the Presbyterian Sunday school will be entertained at the manse by Mrs. Parsons and Miss Burdette Stevenson, Tuesday afternoon.

The special services which are being held in the Methodist church by the pastor Rev. E. J. Jennings will continue this week. Dr. C. G. Farr, superintendent of Grove City district will assist Rev. Jennings on Tuesday and Thursday evenings.

The regular meeting of the Missionary Society of the Presbyterian church was held at the church on Wednesday with the president, Mrs. Dora Cooper in charge of the business meeting. A splendid program was enjoyed among which a very fine talk on Stewardship was given by Rev. William Parson, D. D.

Edenburg News
Y. P. C. V. MEETING.
A large crowd attended the Young Peoples Christian Union held in the Christian church on Sunday evening.

Newly elected officers were installed as follows:—Chalmers Maughan, president; Pearl Unangst, vice-president; Helen Unangst, treasurer; Jessie Maughan and Alice Mark, secretaries; Richard Burns, steward.

A trio composed by Helen and Pearl Unangst and Jessie Maughan sang the "Old Rugged Cross."

A sketch entitled "Deciding On Life's Work" was given by George and Florence Nicholls and leader, Bessie Hofmeister. Mrs. Clarence Jones presided at the piano.

EDENBURG NOTES.
Mr. and Mrs. Harry Park of West street, Joseph Park and children, Donna May and Joseph of Erie street, visited Randall Park at Slippery Rock Saturday afternoon.

Drive Starts To Nominate Shannon As Next Governor

Campaign Opens In Pittsburgh, Seeks National Guard Support

(International News Service)

PITTSBURGH, Jan. 16.—A drive to make Lieut. Gov. Edward C. Shannon the next chief executive of Pennsylvania was underway here today.

A billboard advertisement urging his election was signed by "the men who served with him in the One Hundred and Eleventh Infantry, Twenty-eighth Division, American Expeditionary Forces."

The first Shannon advertisement contained no hint of party alliance and urged support of the Major General of Pennsylvania's National Guard alone.

Shannon is regarded as a regular Republican but is known to enjoy the favor and close personal friendship of Gov. Gifford Pinchot. Despite various moves to have him enter the gubernatorial race, he has made no statement regarding his candidacy.

She Spent Hours Rubbing Her Legs. The Pains Were So Bad. Hands So Swollen And Painful Couldn't Grip Anything. Vendol Is Wonderful She Says.

"There is hardly a man or woman in this city but who could improve their health and feel worlds better by taking a few bottles of Vendol. Nearly everyone suffers from constipation, a sluggish liver, poor digestion or a slight kidney weakness and a few weeks of my medicine will prove astonishing to them" said the Vendol Man now at the New Castle Drug Co.

Take the case of a prominent lady in a nearby town. Mrs. Emma Hasenflut, living on Route 2, North Butler, who says: "I was down to where I could hardly do my housework when I began taking Vendol and little laxative tablets two weeks ago."

"My back was stiff and so painful I could hardly stoop over. My hands were swollen and so sore I would drop anything I tried to grip tight because the pains would shoot all the way to my elbows; when I went to bed I'd spend hours rubbing my legs so I could go off to sleep."

"My stomach was out of order and nearly everything I ate would disagree with me and fill me up with sour gas and a burning liquid would rise up in my throat. I would be so short of breath I'd have to stop and rest up for a while."

"I was never free of constipation which kept me taking salts or pills or something all the time or I'd suffer terribly."

"Reading in the paper what people here in town said Vendol had done for them I decided to try it, and it was a lucky day for me when I started taking Vendol. I've never had anything to help so quickly."

"My bowels soon began to move with ease every day. My stomach felt free of the gas and sourness and my sleep became restful."

"Now, after taking Vendol two weeks, the backache is gone, the swelling has left my hands and my legs are clear of all pain. I wouldn't take anything for the good Vendol has done and advise anyone suffering like I did to begin taking this grand medicine without delay."

Learn how Vendol can help you in this section. Come to the New Castle Drug Co., 31 East Washington St., ask for the Vendol Man, he will tell you how to quickly relieve your troubles. Vendol is also sold at our 24 N. Mill Street Store.

Five Flee In Prison Break At Weldon, Tex.

Machine Gunners Wound Two Prison Guards And Five Prisoners Make Getaway

DESPERADO OUTLAW HELD RESPONSIBLE

None Of Prisoners Being Marched Into Field For Work Hit By Bullets

(BULLETIN)

WELDON, Tex., Jan. 16.—Two prison guards were shot and wounded today at Eastham prison farm and five prisoners escaped when two men armed with a machine gun staged a bold delivery of the desperado Raymond Hamilton.

Waiting in a ditch, the machine gunners opened fire and shot down the two guards as they were starting the day's work with a group of prisoners.

Five Make Escape

The wounded guards, Major Crowson and Olen Mosely, were rushed to a Huntsville hospital. The four prisoners to escape with Hamilton were W. H. Bybee, J. B. French, Henry Methvin and Joe Conner.

While no positive identification was made, it was believed that one of the machine gunners, was Clyde Barrow, phantom outlaw of the southwest, long an associate of Hamilton.

The five prisoners and the two bandits leaped into an eight cylinder car and roared away toward Lovelady. Several prisoners in the group did not join in the break.

Without Warning

The attack on the guards came with startling suddenness. Without warning the machine gunners stuck the barrel of their gun over the ditch and opened fire.

The guards dropped to the ground as the fire raked the field. Not a prisoner was touched as the bullets whistled around them.

Crowson was critically wounded, one shot striking him in the abdomen. The other guard was not so seriously hurt.

Officials at the prison farm said that evidently the break had been carefully planned.

Hogue's Death Held Accidental

Believe Young Man Slipped In Mud And Was Drawn Into Cogs Of Hoisting Machine

Following an investigation into the circumstances surrounding the death of David Reed Hogue, aged 24, who was killed around noon Monday, when his body was drawn into a hoisting machine at the Home Coal company mine on the Ellwood City road, Coroner Orville Potter pronounced his death as accidental.

Hogue was wearing a new pair of shoes, which were covered with mud, and it is believed that his feet slipped and he fell into the machinery and was drawn into the cogs. He was crushed about the chest.

The machine he was working on was used to draw the cars out of the mine on an incline. It was operated by a gasoline engine.

The deceased is survived by his widow, Beulah Hogue, two children, Clayton and Donna Mae, his parents, Mr. and Mrs. Jesse Hogue, and one sister, Marie, all of Castlewood.

Funeral services will be held from the residence in Castlewood on Wednesday afternoon at 2:30. Burial will be made in the Harmony Baptist cemetery.

Home Owners Loan Changes Are Made

Applications At H. A. Wilkison's Office—W. J. Eroe, Jr., Investigator

In order to facilitate the handling of applications for Home Owners Loans, Attorney J. Wilbur Baer, in charge of the Home Owners Loan Corporation activities in this city, will hereafter have more closely associated with him Attorney H. A. Wilkison, who has already been doing title work. Hereafter all applications for loans are to be made at the office of Attorney Wilkison in the Union Trust building. Three days of each week will be devoted to taking applications, Thursday, Friday and Saturday.

The force will be further augmented by the appointment of William J. Eroe, Jr., as the local investigator. Heretofore John Jaynes, of Rochester, Pa., has been the local investigator. Due to the fact that he was a non-resident it was necessary for him to come here at intervals to look over properties offered for loans. It is believed that the work will be speeded up by the appointment of a local investigator. Mr. L. Wallace remains local appraiser. Quite a number of loans have recently been put through and it is expected that under the new set up they will greatly increase.

RICHARDS' RETURNS. Herman Richards, city patrolman, who was injured while performing his duties recently, has returned to work.

FARM LOAN MEETING. Lawrence County Farm Loan association members met today in city hall. It was their annual meeting.

BIDDLE HURLS POLITICS CHARGE TO WASHINGTON

political basis by the department," the telegram continued: "It would seem that unless the supervisors receive orders from Washington at once to stop political choice of two thousand enumerators all of your orders about the non-political civil works administration will be rendered ludicrous."

Biddle has as yet taken no steps to comply with Hopkins order regarding Charles and the latter is still on the CWA payroll.

The Pennsylvania administrator this morning was reported debating the question of resignation as a result of Hopkins' action.

One of his attaches here said he had dispatched a lengthy letter to Hopkins and would make a further statement when letter had been received by the national administrator. Contents of the letter were not divulged.

Telegram To Washington

The text of the telegram follows: "The supervisors of the federal project of the United States department of commerce for taking business census have consistently refused to follow federal state employment rules on civil works administration projects to employ enumerators only through federal state employment offices. Supervisors are not now having their enumerators referred through employment offices but hand picking them after consultation with local political leaders. In view of the fact that the supervisors were admittedly selected on a political basis by the department in Washington this situation is causing confusion and weakening morale of all employment offices. It would seem that unless the supervisors receive orders from Washington at once to stop political choice of the two thousand enumerators all of your orders about a non-political civil works administration will be rendered ludicrous."

Washington, Jan. 16.—A full report on the Pennsylvania Civil Works situation has been mailed to Harry L. Hopkins, Federal Relief Administrator, by Eric Biddle, state civil works administrator for Pennsylvania, it was learned today.

Hopkins is awaiting this report. Hopkins sent an investigator from his Washington staff, who was expected to arrive in Pittsburgh today. He has not reported yet.

Remarks attributed to Vice Admiral Suetsugu, command-in-chief of the combined fleets of Japan, in a Tokyo publication to the effect that Japan is preparing for war with the United States in the belief that conflict between the white and yellow races is inevitable, have been

discredited in Washington as a move to increase the fears of the Japanese people to assure support for a heavily increased naval program. In the interview, Suetsugu charged that recognition of Soviet Russia by the United States "involves a scheme to surround Japan for military purposes", and asserted that concentration of Russian troops and war materials in the far east is proof positive of such a scheme to surround Japan. He further asserted he has no fears about Japan's ability to defend herself, declaring that the Japanese air forces and navy are strong enough to resist the combined forces of three nations. Reasons for war given by the officer were that a trade war between Japan and the United States in the far east, now in progress, will lead to such a conflict and also that "if the whites consider themselves superior we must fight them."

Lions Enjoy Music Program At Luncheon

Rev. Ferguson And Guest Prove Real Entertainers; Speaker Ill

Pinch-hitting for Dr. G. S. Bennett, chairman of the Lawrence County Emergency Relief Board, the Rev. D. L. Ferguson, pastor of the Highland U. P. church, and the Rev. W. R. McGary, pastor of the Knoxville U. P. church in the Pittsburgh district, provided a musical program for the Lions club today.

Dr. Bennett, ill at his home, was to have discussed the relief program of the county before the club.

Rev. Ferguson, himself a Lion, introduced Rev. McGary to the club. The latter is preaching nightly this week at the Highland church. During war days he was a trombonist in Sousa's U. S. Navy band and at the luncheon today he displayed his talent to perfection. Rev. Ferguson, joined now and then by the club, sang.

Discredit Jap Admiral's War Talk As Move To Increase Arms

Engineers Have Meeting Monday

Number Of Speakers Are Heard—Name Of Society Is Changed

W. H. Textor, director of publicity, Youngstown Sheet & Tube company, told the Engineers' society last night that steel is the greatest challenge to engineering in the world today. He proceeded to show in moving pictures the steps involved in making steel, starting in the ore field and carrying through to finished tubes, rods, and sheets. At each stage, he pointed out, the magnitude of the equipment is almost beyond imagination. To a company the size of Youngstown Sheet & Tube with its seven and one-half miles of plant buildings, its daily production of gas sufficient for a city of 10,000,000 inhabitants and its use of electricity great enough to supply 50,000 homes, it is not surprising that electric shovels would take 5 tons of ore from the ground at each bite, and modern docks load 13,000 tons of this ore into a lake boat in three hours, said Mr. Textor. He showed how engineers have accepted steel's challenge in all the gigantic handling equipment necessary to turn ore into pig iron, then into steel ingots and finally roll, beat and trim it into useful forms for mankind. Many engineering problems remain ahead, Mr. Textor pointed out, with higher speeds, longer spans, deeper wells and greater building heights.

This was the first dinner meeting of the Engineers' society and was attended by about seventy-five men interested in engineering work, from New Castle, Youngstown and Ellwood City.

Immediately after dinner Lee E. Allen, vice president and chief engineer of the Pennsylvania Engineering Works described steel mill operations in England, Scotland and Wales. It is apparent, according to Mr. Allen, that British mills are content to use small equipment, much of which would not be considered adequate in America, and yet they operate with very good economy and their costs are low. He pointed out that wages in England are lower than here and gave some figures to substantiate this. For example, ordinary labor receives 20¢ per hour, mechanics, machinists and first class boiler makers 39¢, clerks receive \$40 per month, draftsmen \$80, and stenographers \$30 per month. While Mr. Allen found rents and clothing cheaper than in America, meals and hotels would compare evenly. He cited, however, the fact that British steel mills are all fairly busy now and are producing 72% as much as they did in 1929, whereas American steel mills are producing only 41% of their 1929 level. Furthermore, he said, in 1929 England accounted for 17% of the world's production of steel ingots and in 1929 their share had increased to 30%. The Engineers were much interested in Mr. Allen's detailed description of railroad and steel plant facilities over there, "like toys under a Christmas tree" when compared to our large scale operations.

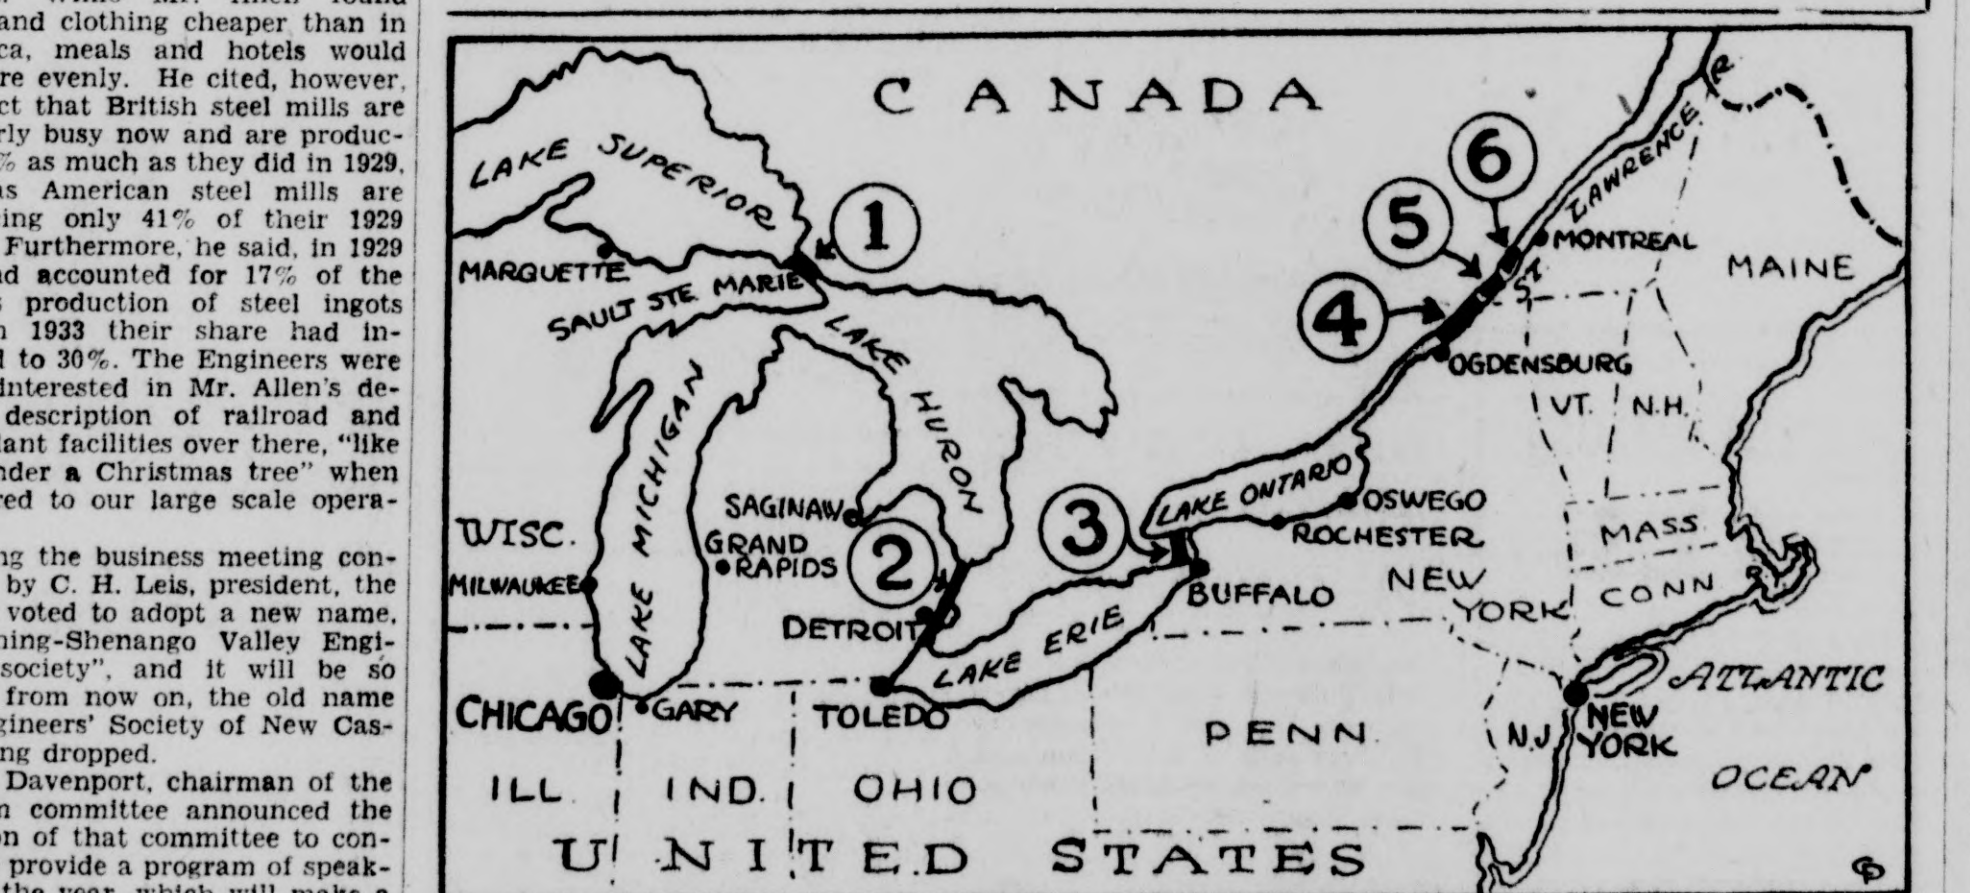

During the business meeting conducted by C. H. Leis, president, the society voted to adopt a new name, "Mahoning-Shenango Valley Engineers' society", and it will be so named from now on, the old name of "Engineers' Society of New Castle" being dropped.

E. L. Davenport, chairman of the program committee announced the intention of that committee to continue to provide a program of speakers for the year, which will make a worthwhile contribution to the knowledge of the members of the society.

The next meeting is scheduled for February 19 at the Castleton hotel.

While most of Yale's alumni and the majority members of the advisory athletic committee are clamoring for a "new deal" in athletic policy at New Haven, university officials and a few wealthy alumni insist upon preserving an old tradition—a Yale man in the shoes of head football coach. Reggie Root, who failed to inspire Yale teams to win, after jumping from freshman coach to head football mentor, is through. Most of the members of the advisory committee and hundreds of Yale alumni have expressed a loud wish for the services of Harry Kipke, successful University of Michigan coach. But President James Rowland Angell and Alumnus Edward S. Harkness, who has donated some \$15,000,000 to the school, want Tad Jones, former coach, recalled.

Parish Meeting At Trinity Church

Vestry Names Officers At Organization Meeting Following Parish Dinner

The annual Parish meeting of Trinity Episcopal church was held in the Guild room of the church last evening. The meeting was preceded by a dinner served by the ladies of the congregation and the attendance was the largest in several years.

After the routine business at which many matters of importance were taken care of, the members elected three vestrymen to serve on the board for the ensuing three year term.

Messrs. Thomas W. Dickey, William B. Howe and Presley N. Jones were chosen. Mr. Dickey having been re-elected for the sixth time, he having had served as vestryman for the past fifteen years.

The Vestry met immediately after the Parish meeting and elected the following officers:

Wm. T. Butz, senior warden. This being Mr. Butz's 46th year in that office.

R. M. Garland, junior warden

F. E. Sowersby, secretary

Thomas W. Dickey, treasurer

Miss Nancy Bechtel, financial secretary

L. W. Strayer, treasurer of Diocesan and mission funds.

Volant Man Hurt In Dynamite Blast Has Legs Broken When Pole Falls

Nathan O. Allen, aged 83 years, of Volant, was brought to the Jameson Memorial hospital at 2 o'clock this afternoon, suffering from injuries about the face and head, due to a premature dynamite blast.

Allen was trying to blow up a log when the blast let go prematurely, the force of the explosion striking him about the head. His injuries are said to be serious.

Backed for Governor

Members of Troop F, headed by Capt. Harvey G. Bintrim, visited Machine Gun Co. of the 112th Infantry during their drill period last evening, where they picked up some valuable information on pointers in the use of the machine gun.

There were around 30 in the party, the trip to Butler being made in a chartered bus. After the drill hour, members of the troop were entertained by the Butler guardsmen.

The trip was made as a special drill event and proved interesting and educational to those who made the visit.

MAYOR SENTENCES ASPERRY TO JAIL

William Asperry imbibed too much of the beverage that apparently deadens one's mind and legs and yesterday he went to sleep in the yard of a funeral director who advised police that he believed it was a case for police rather than a funeral director and in police court today Asperry was sentenced to 10 days in the county jail.

McDEVITT NAMED ASSISTANT JANITOR

Claims His Land Damaged By Water

William R. Black Of Neshannock Township Asks Viewers Be Appointed

William R. Black of Neshannock township, presented a petition to court today asking that viewers be appointed to assess the damages to his property by reason of the improvement of the New Castle-Perry road. Black claims that in taking over the gutters water was turned on his land. It ran into his barn and caused five tons of hay, valued at \$12 per ton to rot. Mr. Black thinks his property has been damaged to the extent of \$1200.

Judge Hildebrand appointed Attorney J. Roy Mercer, Engineer Albert Treser and N. B. Wagner, as viewers. They will fix the time at which the property is to be viewed.

"THE WAR IS STILL ON"

"Uncensored News From The Front"

Fellow Citizens: When the task of civil works administrator was thrust upon me, in the acceptance of that position a very definite promise was made. That promise was that each and every operation should be an open leaf in an open book.

Let us reflect: On November 21st, last, the C. W. A. began with 105 men transferred from relief projects and responsible to no one except the civil works administrator. An office force was organized. A competent engineering corps was recruited. Representatives of all the political sub-divisions of the county were summoned and instructed in the necessity of immediately sponsoring projects, the most desirable of which would be those which would put the men at work efficiently, at once.

Larger quarters were secured, the personnel of the administration office was augmented and every facility was placed at the disposal of those who must act as sponsors. During the period centering on December 15, not only was the field organization being perfected, but the larger projects were being prepared. It is indeed a tribute to the loyalty of the office personnel to the state that not only did they successfully complete their work before the deadline set, but carried out additional work which assured jobs for 3,995 workers in Lawrence county, compared to the original 2,575 allocated.

Then, with the office personnel driven almost to the point of exhaustion, a new deadline was set, and the projects which had been approved must be gotten under way by January 15th. Therefore, another push was on, with greater and greater objectives.

It is difficult to fully comprehend the magnitude of this task and without bias it can be truthfully said that few of the representatives of the various political sub-divisions in Lawrence county have even slightly comprehended the great size of this operation, or their responsibility thereunder. The inertia of local governments in some places has been tremendous.

We neither blame nor censor, but to some the C. W. A. has appeared to be an opportunity for personal

aggrandizement—to others, an opportunity for condescension. It has often been said that money talks. On that basis we might make a snap analysis of our progress to date in dollars.

Payrolls by Weeks

First Week	\$ 918.00
Second Week	2,258.00
Third Week	5,439.00
Fourth Week	7,799.00
Fifth Week	12,134.00
Sixth Week	18,694.00
Seventh Week	32,749.00
Eighth Week	42,499.00

This shows that a total of \$122,493.00 has been poured into the pockets of the employees of C. W. A. projects within a few weeks, and a total of 2,683 men are employed at sustaining wages as follows:

First Week	108
Second Week	137
Third Week	402
Fourth Week	524
Fifth Week	872
Sixth Week	1,571
Seventh Week	2,136
Eighth Week	2,683

The increases show clearly the speed with which men have been placed at work.

The C. W. A. is not charity, but rather means of developing opportunities to provide continuous work at sustaining wages to as many persons as possible within the allocations made to this county.

There is confusion in the minds of our citizenry with reference to the C. W. A. and its relation to the C. E. R. B., or emergency relief board and the employment office. It is highly important that we understand this relationship.

The C. E. R. B., or emergency relief board, handles relief in all its phases. The employment office registers both those on relief and all others who may be unemployed and supplies workers to the C. W. A. on requisition. These workers are supplied according to rules established by the federal government and according to certain preferences.

Ex-service men and ex-soldiers with dependents have first preference. Citizens and those who have declared their intentions have second preference. All others come last. However, 50 per cent of the workers called must be from relief rolls, and in this instance there are no preferences.

In certain instances where specialists have been required, the C. W. A. has (in the manner prescribed by the regulations) drawn very rigid specifications for filling such positions. In all other cases requisitions for workers have been general and such workers have been selected by the employment office without any suggestions whatever from the C. W. A.

The privilege of selection or nomination has never been vested in us and we have positively directed that no member of our office personnel should, in any manner, express any preference.

We have in like manner cruelly offended some of our friends who have disregarded our previous injunction.

The rapidity with which the projects got under way, the work to be accomplished in so short a time was naturally conducive to mistakes. A few have been made.

As these have come to our attention they have been investigated and decisions have been made in many cases detrimental to those whom we have considered our friends. The records of each and every case are at the disposal of any interested citizen.

In the employment of supervisors, foremen and timekeepers, certain specifications had been prepared for the guidance of the employment office, and it has been the policy of the C. W. A. to generally accept those sent to us by the employment office. Among supervisors and foremen there have been a few unpaid officials of certain political sub-divisions. These individuals comply to the requirements of the employment office, were capable and efficient.

Doctors Give Creosote For Chest Colds

For many years our best doctors have prescribed creosote in some form for coughs, colds and bronchitis, knowing how dangerous it is to let them hang on.

Creosolium with creosote and six other highly important medicinal elements, quickly and effectively stops coughs and colds that otherwise might lead to serious trouble. Creosolium is powerful in the treatment of colds and coughs, yet it is absolutely harmless and is pleasant and easy to take.

Your own druggist guarantees Creosolium by refunding your money if you are not relieved after taking Creosolium as directed. Beware the cough or cold that hangs on. Always keep Creosolium on hand for instant use. (adv.)

CONFUSION ENDED ON BRAN

New Ruling Makes Labels Accurate

To protect the buying public, the United States Food and Drug Administration has advised that every package of cereal labeled "Bran," state on the label exactly what it contains.

Before this ruling, even part-bran products were sometimes mistakenly referred to as "Bran." It was not easy for the purchaser to distinguish between a cereal that was entirely bran, or all bran with flavoring, and another that was mostly wheat.

Kellogg's ALL-BRAN is labeled "ALL-BRAN, Flavored with Malt Sugar and Salt," a statement which describes the product fairly and honestly.

Kellogg's ALL-BRAN has won millions of friends because it corrects most types of common constipation safely and pleasantly. It furnishes generous "bulk"—needed to promote normal elimination.

However, ALL-BRAN is not a "cure-all." Certain types of intestinal disorders should be treated only on a physician's advice.

When you buy a bran cereal, for the relief of constipation, read the wording on the package. The facts are there! Make sure by asking for Kellogg's ALL-BRAN. It furnishes "bulk" in a form for satisfactory results.

At all grocers. In the red-and-green package. Made by Kellogg in Battle Creek.

cient and the C. W. A. program of Lawrence county has greatly benefited by their industry.

In no single case were these men accepted because of political affiliation or through political influence. Now, under a very positive order of the state administration, the services of these capable men must be lost to us. We sincerely regret that there is no recourse other than to obey this order. We have consistently stated that no preference or advantage shall accrue to any of us personally in the operation of this C. W. A. program. We still mean it.

The office of administrator is in the nature of a public trust. It came unsolicited—it pays no salary—it pays no expenses nor is there the slightest opportunity for employment of any kind. It is, however, a real opportunity to render a real service.

As the program developed we have received splendid cooperation from the craft unions. These men have assisted us in many ways with the real spirit of the program in mind. Criticism of the constructive kind should always be welcome, and it has been in this office. We have, also, received plenty of destructive criticism, and that in like manner has been given consideration. We do not expect gratitude.

Therefore, if we received none we shall not be disappointed, and this is the reason for consistently telling every worker that they are under no obligations to any one for their job, much less the administrator.

Believing in the C. W. A. program, we have endeavored to conduct the office and the operations on a business-like basis, and we are satisfied that it will stand the light of day. If any citizen thinks any part of this operations is not right, he or she has but to state the facts, sign his or her name to it, to insure a speedy and thorough investigation.

To summarize, the C. W. A. is now practically the largest single employer of labor in Lawrence county, with the personnel of 3,256 employees, and a weekly pay roll of nearly \$48,000.00. Two months ago it did not exist. If there be any citizen or group of citizens who think they could have done a better job, the opportunity is theirs for the asking. The line forms on the right, do not crowd, and please do not ask me for a job for yourself or your friends—I have none to give.

Sincerely yours,
L.B. ROUND,
Civil Works Administrator
Lawrence County.

"Babe" Didrikson Is Held Scoreless As Tin City Rovers Win

CROWD OF 1500 WITNESS GAME

New Castle sports fans had a chance last night to see Miss Mildred "Babe" Didrikson, world famous woman athlete in action last night at George Washington Junior High floor, and while Miss Didrikson did not score a point her team of All-American basketball players made up of college stars dropped a 31 to 23 verdict to the Tin City Rovers. The game was played at the George Washington Junior High floor. A crowd of 1,500 witnessed the game.

It was the largest crowd that ever witnessed a basketball game in this city. The gym was packed to the rafters. Miss Didrikson played two whole quarters of the game, but failed to break into the scoring column.

Laycock Stars
The Tin City Rovers led by "Bud" Laycock, former Grove City College star held the lead throughout the game. The score at the first period was 7 to 5, and at the half was 18 to 14. The end of the third period found the count 25 to 19. Coach Arnold "Fiz" Fraser used only two subs during the game sending in Grinnies to replace Laycock and Hutchison to replace Alexander. The All-Americans used Captain Schimmler to replace Miss Didrikson. The "Babe" was plenty good as a basketball player and knows the game perfectly. She was well guarded by "Cackey" Genneck.

Business Manager Raymond "Mickey" McBride scored a big hit last night with his All-American attraction including the famous Olympic star of 1933 and the fans had their money worth.

Union To Play Slippery Rock Team Wednesday

League Game Will Be Played At Union High Floor, Line-up Stands Intact

Union High School basketball team will play the fast Slippery Rock High basketball team at the Union High floor Wednesday evening in a Section 18 battle. The Union lineup according to Coach Dave Boyd will remain the same as for the past several games.

Monica and Boron will play the forwards, with Morrison at center and Schaus and White at the guards. It is likely that E. Todd will get in the game, as he is showing a lot of improvement.

Union has won one league game and lost one, and are out to make it two victories on Wednesday night. Coach Boyd will drill the Union team hard for the Slippery Rock encounter.

New Wilmington At Oil City For Battle Tonight

New Wilmington high school basketball team will go to Oil City tonight to try conclusions with the fast St. Joseph team for the second time this year. Earlier in the season the Whitman coached team won from the Oil City team at New Wilmington by ten points. They hope to repeat tonight.

Coach Whitman will take ten boys on the trip to Oil City. The forwards will be taken care of by Eagleson and Minner, with McClure at center and Aze and McMains at the guards.

Friday night the New Wilmington team will go to Wampum for a County League game, and expect to win handily over the Wampumites.

LOSE AT BUTLER

Tin City Rovers basketball team lost to the Butler Company Penn Drakes last Saturday night at 48-46. Butler court 40 to 28. This was a Penn-Ohio league game.

AFTER ALL THESE YEARS By Jack Sords

Titans, Jackets In Important Tri-State League Game Tonight

(Special To The News)
NEW WILMINGTON, Pa., Jan. 16.—Coach Frank Wolfe's Waynesburg College Yellowjackets, the team which last year lost two headline decisions to Westminster, took by 27-26 scores, invades the Team tonight for one of the most important of the Tri-State Conference games.

The Jackets, with practically the same team that represented Waynesburg last season, are one of the best teams in the league and certainly one of the fastest in the district. Always at their best against Westminster, the Jackets should force Westminster to the limit to win. As a result, Coach John Lawler has pointed his men for this important game.

Ray Sweeney, Youngstown, O., lead seems to have won a place in the starting lineup at forward. Either Captain Douglass or Laycock will play the other forward for Westminster. Bennie will be at center, and Hummel and Wilhelm at guard. For Waynesburg, Currie and Janosik will probably be at forward, Donley at center, and Mancuso and McCracken at guard.

The lineup: Waynesburg: Douglass, F.; Currie, Sweeney, F.; Janosik, Bennett, C.; Donley, Hummel, G.; Mancuso, Wilhelm, G.; McCracken, F. Referee—Howdy Campbell. Game starts at 8:15.

HERE AND THERE IN SPORTS' LAND

Athletics have given to police work here some of the boys whose "battering average" has faded. For instance, Jewie Coon and Tommy O'Brien are in police work. Jewie was a good basketball and baseball player. He is a game detective. O'Brien chased flies in the outfield. He is a constable. Boxing gave Tommy Jones to the police force here. Jimmy Steiner played baseball and when in the Merchant Marine battled as a lightweight. Tom McMahon, boxer, is a former railroad policeman. George Perrotta, who had 19 knockouts of 2 fights, has served intermittently in a city "copper." Fans here will recall Jimmy Belmont and Buck McTierman. The former boxed at the Bowl and McTierman and Mickey Solomon turned in some fast fights at Pittsburgh. Belmont is a Braddock policeman and McTierman now swings a mace at Swissvale.

William Payne is chief of police of Salt Lake City and exercised his authority recently when K. O. Christner and Tiger Jack Fox, Negro heavyweight, answered the Bell. For four rounds they incurred boos by an alleged reluctance to exert themselves. In the fourth session the chief of police climbed through the ropes and ordered: "Get up there and fight or you go to jail." They did that. The negro knocked out Christner in a few punches.

Kid Chocolate is now riding down the toboggan. He was knocked out by Tony Canzoneri at Madison Square Garden, New York, and a few weeks later the Bon Bon dropped his junior lightweight title to Frankie Kilek via a technical knockout in a Philadelphia ring. The Cuban still holds the featherweight championship but there are few fans who would wager close money

West Pittsburg Protest Acted Upon By Round

Following a thorough investigation of conditions in West Pittsburg, CWA Administrator L. B. Round has filed a ruling and order in the case. It provides for the discharge of those men who were gainfully employed just prior to registering under the CWA and the hiring of men who have been out of work for some time.

The text of the ruling in the case follows:

West Pittsburg Case Ruling And Order

This case has its inception in the presentation of a petition signed by a group of young men residing in the village of West Pittsburg, Taylor township, Lawrence county, demanding a square deal in the selection of employees for C. W. A. work in said township.

It appears that the road supervisors of said township, at the request of the State Employment Office, undertook the registration of unemployed in said township, however with the distinct understanding and specific request by the supervisors that no responsibility of selection should devolve upon them.

It appears from the record that the registrations continued over a period of two weeks and were conducted in an office placed at the disposal of the registrars by a local industry.

It also appears that some of the registrations were made after some of the persons registered had quit the employment for the day.

Since those so registered were earning at the specific time only part time wages and in such amounts as to be not fully sustaining, this procedure is in theory not inconsistent with the regulations.

It is also a fact that the possibility of self sustaining earnings in industry during the months of January, February and March are only remotely possible in that district.

It also appears from the record that there are eight nine (89) cases on relief in Taylor township.

It is also a matter of fact, well known to the C. W. A. and N. R. S. Office that all through the registration and subsequent commencement of operations in said township, the township road supervisors have insisted that they should not nor would they have any participation in the selection of workers; but that they would undertake the supervision and direction of the work at the expense of said township.

It appears from the record that, of the workers called, twenty five (25) had been gainfully employed in industry and earning reasonably sus-

taining wages during the months of August, September, October, and approximately one-half time earnings during November and December.

Of the twenty-five workers afore-said, the earnings range between a minimum of \$13.00 and a maximum of \$85.00 per month up to November. There does not appear to be any evidence of collusion, nor political preference, the registrations and selections having been made at least in technical compliance with the regulations as we understand them. The regulations also specifically provide: "That there shall not be one person employed in industry transferred to C. W. A. rolls."

Therefore, the complaint is sustained, and it is hereby directed that all persons working on C. W. A. projects in Taylor township who were, on December 15, 1933, regularly employed in industry, be discharged, and further, that immediate replacements be requisitioned from the employment office in the usual manner.

Furthermore, that a copy of the record be forwarded to the emergency relief board, and also a copy to the state employment office with the recommendation that the persons hereby discharged be permitted to re-register if they can presently comply with the regulations as made and provided for such registration. This is to take effect immediately.

L. B. ROUND,
Civil Works Administrator
for Lawrence County.

Bible Study

Course Planned

Sixteen Weekly Sessions Have
Been Planned To Give Better Understanding

A special course in Bible study has been planned for each Tuesday evening at 7:30, beginning January 30 in the Third United Presbyterian church with the Rev. Grant E. Fisher, D. D., as the teacher.

The class is open to anyone interested in a better understanding of the Bible. There will be sixteen studies dealing mainly with the Promise-Doctrine and there will be no fee whatsoever.

Some of the salient answers Dr. Fisher will explain will be:

1. What is the Bible?
2. What is "going on" in the Bible records?
3. What is the True key to the understanding of the Bible?
4. Who and what were the prophets? Did they have a Text for their sermons?
5. Is "Messianic Prophecy", so-called, mere prophecy?
6. What one thing did the New Testament writers single out as the Key to the Old Testament?
7. What are the great Classical passages embodying the Promise-Doctrine?

SEVENTH WARD NEWS

Class From Here Going To Senior High Next Week

9A Class Of Mahoning School
Concluding Junior High
Education January 25

A class of approximately 30 student of Mahoning school will be promoted from grade 9A to the New Castle senior high school next week, thus concluding their junior high education.

During the last several terms the Benjamin Franklin and George Washington junior high schools have been so crowded that 9B and 9A classes were created at Mahoning school. Before this was done, the Mahoning students were sent to Franklin school for their 9th grade studies, and from there were sent to the senior high.

COMMITTEE APPOINTED
A new social committee, consisting of Mrs. Lois Arrow, chairman, Mrs. George Kennedy and Mrs. Margaret Lowery, was appointed at a business meeting of the Augusta Sister Auxiliary to the Brotherhood of Locomotive Engineers, in the Cledenn building, Monday evening. Bingo playing followed the business session.

The next regular meeting will be in one month at the usual place.

SKIDS DOWN HILL
Walter Yarrow, of Youngstown, O., congratulated himself on a narrow escape early Sunday morning when the truck which he was driving skidded most of the way down the Mt. Jackson hill and lodged in a ditch. Yarrow was badly shaken up but had no injuries. The truck suffered only a split fender.

ORDER DOG LICENSES
Seventh ward dog owners who delayed buying dog licenses until the eleventh hour, were busy fastening them to the collars of their animals yesterday. The 1933 licenses are now null and void.

LOYAL WORKERS CLASS
A meeting of the Loyal Workers class of the Madison avenue Christian church will take place this evening at the C. H. Clark home, Mt. Jackson road.

Young People Organize Choir

First Meeting Conducted Last
Evening; Epworth League
Has Meeting Later

Fifteen or twenty young people met in the Mahoning M. E. church early last evening and organized a junior choir. The interest shown was most gratifying to those behind the movement and visions of a lively and talented singing club seemed to them close to realization.

Songs were practiced and the gathering lasted for about an hour. Another practice will be conducted at the church next Friday night at 7:00 o'clock.

WILSON IN TOWN
Robert Wilson, one of the few remaining veterans of the Civil War, spent Monday visiting friends in seventh ward and upper New Castle. He resides on the Clelland Mill road. Mr. Wilson saw from his home last Saturday night the barn at the Swisher farm burn. He recalled the beginning of what might have been a just as serious a fire at the same place many years ago. It was avoided by the quick thinking and heroism of a Mrs. Simpson, who carried buckets of water to the scene.

SIGNAL LIGHT CLASS
A meeting of the Signal Light Bible class will take place in the ladies parlor of the Mahoning M. E. church this evening. The class meets monthly.

SEVENTH WARD PERSONALS
Mrs. Florence Mauck, of Newell avenue, is spending several days in Atlantic, O.

Charlotte Gaspare, of Newell avenue, who has been ill for sometime, has been able to return to school.

Sandy Mabe, of West Madison avenue, left on Sunday for Nova, O., where he will be located for a while with the B. & O. railroad.

Mr. and Mrs. L. G. Gaspare, and

daughter, of Pittsburgh, spent two days recently with Mr. and Mrs. Victor Gaspare, Newell avenue.

John Robinson, of near East Brook, Mahoningtown postoffice clerk, was off duty because of illness yesterday. His work was performed by Edward Bolland.

Paul B. Wilson, of 517 West Cherry street, a student of the School of Medicine of Temple University, Philadelphia, who has been ill with intestinal influenza in a Philadelphia hospital, is still about the same. His mother is still with him.

Thirsty Must Buy Liquor Here Or Face Heavy Fines

Possession Of Liquor Bought In
Cities Makes Owner
Liable

New Castle resident who wish to buy liquor will face arrest and extremely heavy penalties if they buy it anywhere except at the state-owned stores. There are far more teeth in the new liquor law, under the provisions of which the state-owned stores are to be operated, than the average person supposes. It is now unlawful for any Pennsylvania resident to even bring into this state liquor, even when purchased legally in Ohio or any other state.

Thus, possession by any Pennsylvania resident of liquor purchased in Youngstown, Warren or any other place outside Pennsylvania would make the holder liable to a fine of not more than \$1,000 and imprisonment, not exceeding one year, while the penalty for conviction of a second such offense would bring a fine of not LESS than \$1,000 and imprisonment of not more than two years. Absence of the Pennsylvania Liquor Control Board's official stamp would be considered proof of such violation of the law.

The new liquor act provides for a state monopoly of the liquor traffic and specifically imposes very heavy penalties for possession after January 1, 1934, of any liquor that does not bear the control board's official stamp.

Excellent Program For P. T. A. Meeting

An excellent program will be given at the regular monthly meeting of Arthur McGill P. T. A., Thursday afternoon at 2:45.

Rev. D. L. Ferguson of Highland U. P. church, will give a talk on "The Wise Use of the Radio" and Miss Helen Maxwell, Grade One teacher will give a demonstration in reading. Mrs. Dorothy Gormley Smith will give a vocal number while King Bell, accompanied by Joe Vogan, will also sing and play.

Under the leadership of the president, Mrs. James Vogan, attendance has increased this winter and it is expected that a large number of parents will set aside Thursday afternoon to attend the January meeting.

POOR DIRECTORS OF MERCER REPORT

MERCER, Pa., Jan. 16.—The Mercer County poor directors only spent \$222,285.11 of the tax money levied for them in 1933 their report just completed show.

Barbers Induct 1934 Officials

Barbers Enjoy Social Event
Following Meeting On
Monday Night

At a regular meeting of the Journeymen Barbers International Union of American local branch 278 held in Trades Assembly hall, 1934 officers were inducted into office, Monday night.

R. E. Daubenspeck, 1934 president installed the following officials: Harry Micaletti, vice president; Frank Fazzone secretary and treasurer; Lee Lutz, recording secretary. Following the business session, the gathering enjoyed an amusing program arranged by the committee in charge composed of Philip Susneri, Frank Fazzone and Harry Micaletti. C. W. Covert with magic tricks had the gathering spell bound. He cleverly entertained his audience. The

musical selections by Harry Micaletti and Sam Davies added much color to the program. During the remainder of the evening card were the chief pastimes. Delicious refreshments were served. About 30 were present at the session.

This organization meets again on February 19.
